

RUSSIANS TAKE HALICZ, KEY TO LEMBERG; "MUST FIGHT AND CONQUER," SAYS HOLLWEG

**Teutons Withdraw Toward Lomnica
River Leaving Stores Behind**

AUSTRO-GERMAN LINE BROKEN

**Thousand More Prisoners Taken, Making Total of 14,000;
Austro-Germans Retire Hastily, not Making a Stand at
Either of Two Rivers They Cross; Russians Penetrate
Seven Miles on Twenty Mile Front.**

HALICZ TAKEN BY THE ADVANCING SLAVS

London, England, July 11.—Halicz, the strategic key to Lemberg, capital of Galicia, has been captured by the Russians, says a dispatch from Reuters' Petrograd correspondent.

Halicz, 63 miles southeast of Lemberg on the Dniester river, is an important railroad junction and the most important key to the Galician capital. It is 18 miles north of Stanislaw and about eight miles north of Jesupol, captured by the Russians under General Korniloff on Sunday. The fall of Halicz was presaged by the success of the Russians on breaking the Austro-German line between that town and Stanislaw and in driving the Austro-Germans to the Lomnica river which enters the Dniester a short distance above Halicz.

Halicz was the center of much heavy fighting last September.

Russia's army has broken the Austro-German line in the Halicz and Stanislaw sector, one of the most important on the eastern front, and the Russian advance continues.

The Austro-German forces already have withdrawn beyond the Lomnica river, about 10 miles west of Jesupol, which was occupied Sunday by the Russians under General Korniloff. The Russians have taken four more villages and increased their capture of prisoners more than 1,000. Seven more field guns and other war material fell into Russian hands.

Penetrate Seven Miles.

West of Stanislaw toward Kalusz and Dolina the Russians have penetrated the Teutonic line to a depth of nearly seven miles and between Stanislaw and Halicz they have widened their wedge. In their retirement, apparently made hastily, from the large amount of guns and military stores captured by the Russians, the Austro-Germans failed to make a stand at two rivers, the Lukovitzka and the Luvka. It is probable they may entrench on the west bank of the Lomnica.

A stand west of the Lomnica, however, hardly will prevent the forced evacuation of Halicz, the strategic key to Lemberg, as the Russians are within less than eight miles of Halicz on three sides and only one avenue of retreat toward Lemberg is left open, that between the Dniester and the Lipiza rivers. The evacuation of Halicz would make the retreat from the Brzezany-Zloczof-Brody line by the Austro-Germans almost a necessity.

Meanwhile the Russian artillery is hammering the enemy line south of Brzezany, and north of the Pripiet marshes near Riga, Dvinsk, and Smolensk. The fighting activity has increased.

Advance Sixteen Miles.

Petrograd, Russia, July 10.—General Korniloff's operations in Galicia along a front of 20 miles have broken the Austro-German front between Halicz and the Carpathians and already the Russian cavalry has pressed forward for sixteen miles.

CRITICIZES ACTIONS WAR DEPARTMENT

**SAYS REPORTS OF SUBMARINE
ATTACKS WERE WRONG**

Washington, D. C., July 10.—During debate on the trading with the enemy bill today Representative Walsh of Massachusetts criticized the public information committee account of the submarine attack on the American expedition and attacked the war department for diverting and delaying delivery of cablegrams regarding the troops addressed to the Associated Press.

Mr. Walsh's remarks are revised for the congressional record follow in part:

"As a matter of fact as I understand it the Associated Press, that great news gathering agency of our country, a body of publishers, loyal every one, had a representative aboard one of the ships and he sent a despatch announcing a safe and uneventful voyage. He at least apparently was not awakened by the heavy gun fire and fear and din of battle.

"Later, on July 5, he sent a second despatch announcing that there had been no attack as had been so gloriously depicted through the information bureau. And later on, when despatches, passed by censors with General Pershing's forces in France, reached this side by cable they were diverted to one of the executive departments, inspected, and possibly censored, and I do not know, and after

To the west of Kneister, as a result of the Russian forward movement Halicz has been hemmed in from the south and southwest and the Russians are menacing the Halicz bridge-head.

From July 2 to 8 inclusive General Korniloff took 14,000 prisoners and 55 guns of which 12 were heavy pieces.

General Korniloff's cavalry and Cossacks are pursuing General Kurbatov's retreating army south of Halicz and have forced the river Lukovitzka, which parallels the river Luvka. The western bank of the Luvka dominates the wooded eastern bank, but it is considered unlikely that the demoralized Austrian army will be able to prevent the Russian passage of the river and the Russian advance in the direction of Dolina, 35 miles from Stanislaw. The co-operation of the Seventh and Eleventh armies north of Halicz with the Eighth army south of that town has been like clock work.

The success of the Eighth army, the military critics of the Reichstag point out separates the German army of General von Bothmer from the Third Austrian army under General Kurbatov.

Russians Enthusiastic.

The powerful Russian offensive is having the effect of stimulating martial spirit throughout the country. The war office is receiving daily scores of telegrams from various parts of Russia, Siberia, and the Caucasus of the formation of "storm battalions" and from garrisons asking to be sent to the front.

several hours' delay were permitted to reach their destination.

"These despatches were coming here from France. They had been passed upon, as I am informed, by our officials abroad, and yet they were diverted and delayed and only permitted to reach their destination after inspection by some official in Washington. I doubt the authority for such a proceeding, but assuming it to be based on proper authority, what purpose was served by this program? Surely they would not contain information useful to the enemy, and if they only contained an account of the supposed, yes, or real attack on our ships, could not our officers in France be depended on to take proper safeguards?"

"During many weeks the press of the country has submitted to a voluntary censorship as it were. In my opinion the editors of our American newspapers can be relied on and they are not so eager for news as to betray our country, and I am sure our correspondents anxious to arouse unnecessary fear by undue embellishment of ordinary events."

MISSION REACHES FRANCE.

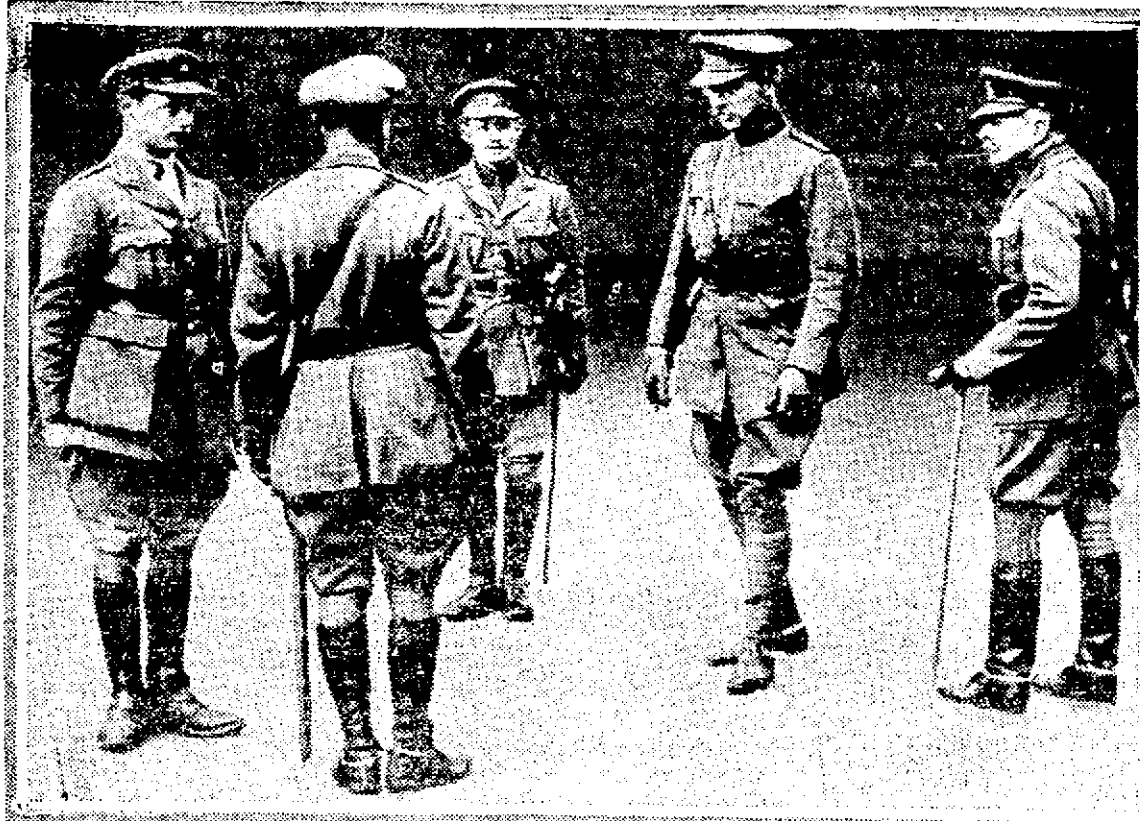

Paris, France, July 10.—The prince of Udine and other members of the Italian mission to the United States have arrived in France.

Francis B. Sayre, son-in-law of President Wilson, who came to France to engage in Y. M. C. A. work, has also reached a French seaport.

NEED ONLY 40,000 MEN FOR ARMY.

Washington, D. C., July 10.—With 1,236 war volunteers accepted yesterday, enlistments for the regular army, since April reached 141,894, leaving a little more than 40,000 men to be raised.

The King Without a Country

KING ALBERT AT THE FRONT.

King Albert of Belgium on his way to the front-line trenches in northern France. The officers with him constitute a British guard of honor, which accompanies him wherever he goes.

POLICE DID NOT SEARCH

**Cocchi Says He Did Not Bury Miss
Cruger at Once.**

New York, July 10.—Alfredo Cocchi, confessed murderer of Ruth Cruger, declared in his confession to the Italian authorities that the police made only a perfunctory search where the body was found, according to a cable message received today, by District Attorney Swann.

After giving details of the murder which already have been disclosed, Cocchi is quoted as having declared that after he placed the girl's body in the excavation of the cellar he did not bury it but covered it with a large box. Later when the police came into the cellar they did not remove anything.

STRIKE OUT "MAIL" PART OF ENEMY BILL

**DECLARE IT WOULD INFLICT UN-
NECESSARY HARDSHIP**

Washington, D. C., July 10.—A section of the administration trading with the enemy bill, making it unlawful to mail letters, pictures, maps and similar articles to enemy countries, was stricken from the measure today in the house. Republican Leader Mann and Representative Gard of Ohio, Democrat, led the fight against the provision, which was said by its sponsors to be desired by several members of the cabinet.

Both Mr. Mann and Mr. Gard declared the espionage law already sufficiently provides against use of the mails by spies and that it would be unwise to inflict unnecessary hardships on persons in the United States having relatives in Germany or her allied nations who wish to correspond innocently with them.

The debate brought out a condemnation of the spy scare by Mr. Mann and a speech by Representative Walsh of Massachusetts on the general subject of licensing, in which he criticized the public information committee as a sample of licensing on public authority.

ENTOMBED IN SALT MINE

**Two Men Buried 800 Feet Below
Ground by Explosion.**

Ithaca, July 10.—Merritt Brotherhood and Nelson Friedberg, entombed 800 feet below the ground as a result of an explosion in a salt mine here, had not been rescued at midnight, 23 hours after they were trapped by the debris. Chief Parker and two assistants of the Bureau of Mines at Pittsburg began the search late tonight. Wearing gas helmets they entered the shaft but found their progress blocked by flames. They will continue their efforts to reach the men before daylight.

PAY CHINESE GENERAL.

London, England, July 10.—"The North China Daily News" declares it is established virtually that General Chang Hsun, leader of the Imperialist forces, is in German pay," says a Reuter dispatch from Shanghai. If the monarchial movement had succeeded, the newspaper continues, the rupture of relations between China and Germany would have been cancelled.

HOOVER SAYS PUBLIC SUFFER

**Says Speculators Make Uneared
Profits on Food**

SENATE VOTE JULY 21

**Gore Submits Substitute to Limit
Foodstuffs and to Requi-
sition Coal Mines**

Washington, D. C., July 10.—A report on the food situation, prepared for President Wilson by Herbert C. Hoover, holding that both the farmer and the consuming public are suffering while food speculators make uneared profits from the delay in the enactment of food legislation, was given out today at the White House.

Unless strong government action is taken, Mr. Hoover asserted, the farmers will be caught in a food slump. The speculator, it is declared, is taking a large part of the prices now paid by consumers.

"We are practically helpless to safeguard either the farmer or the consumer until the pending legislation is passed," declares Mr. Hoover in his report.

No comment by the President accompanied the report, although he has more than once demonstrated his impatience over the delay of Congress.

Action by Senate.

A senate agreement to vote on President Wilson's food control bill on July 21, five weeks after its submission to congress as an urgent war measure, was followed today by issuance from the White House of a detailed report by Herbert C. Hoover, declaring that both the farmers and the public are threatened with serious losses unless food control is given the administration promptly.

The Gore substitute, submitted today, provides that the government control proposed shall be limited to foodstuffs, feed and fuel, the original purpose of the legislation, and not include steel, iron, cotton and many other products added during congressional consideration. It would authorize federal requisitioning and operation of coal mines, authorize federal purchase and sale and "reasonable" prices of foodstuffs and fuel, and fix a guaranteed minimum price of \$1.50 a bushel for wheat.

The prohibition section of the substitute would forbid manufacture, importation or exportation of distilled beverages during the war and would authorize their commandeering by the government "if necessary."

Leaders tonight expressed confidence that some such compromise provision would be adopted in lieu of the senate prohibition section and the so called Smoot amendment which is unsatisfactory to both wets and dries.

The substitute bill drawn by Chairman Gore of the agricultural committee was taken up by the committee as soon as it was submitted and some progress made.

RUSSIANS INVITE SOCIALISTS

**Call for Delegates to International
Council Made Public.**

New York, July 10.—An invitation to the Socialist party of America to send delegates to the International Socialist conference, proposed by the Russian Council of Workmen and Soldiers' Delegates, was made public today by Morris Hilquit, international secretary of the party in this country. The invitation concludes:

"The Council expresses the firm hope that the American party, which since the commencement of the war has several times proposed the convocation of an international conference, will consider it a duty and honor to send its representatives to the council."

CHURCHES TO HELP IN STOPPING FOOD WASTE

**MEMBERS TO HAND IN WEEKLY
REPORTS ON PROGRESS**

Washington, D. C., July 10.—The church is to become a positive force in food conservation, as a result of a conference here today between food administration officials and prominent churchmen representing virtually every denomination in the United States. A committee from each denomination will aid in the campaign, which will include weekly reports from each church as to what every family is doing to save food.

Pastors will be asked to keep the congregations constantly alive to their duty of food saving. The weekly report system planned in furtherance of this purpose requires that heads of families hand in at church each Sunday a uniform report card, showing what has been done in his home during the week toward conservation.

Tomorrow representatives of patriotic societies will meet administration officials to discuss what they can do in the food conservation campaign.

ELKS ELECT GRAND RULER.

Boston, Mass., July 10.—The election of Fred C. Harber of Lynchburg, Va., as grand exalted ruler, unanimous choice of Atlantic City, N. J., as the 1918 convention city and the adoption of a resolution pledging the support of the 474,690 members of the order to President Wilson, "in this time of trouble" was the chief matters disposed of at today's session of the grand lodge at the annual convention of the Benevolent Order of Elks.

RESIGNS FROM NAVAL MILITIA.

New York, July 10.—Captain Lewis M. Josephthal, chief of the New York State Naval Militia bureau, tonight announced his resignation from the United States Junior Naval reserve. Captain Josephthal, who is assistant adjutant general of the state, said he resigned to permit some other man to take charge of the work who can give it more time.

He filed yesterday proposing to revoke the senate closure rule.

Agreement for a final vote on the legislation July 21, and withdrawal of the closure motion, which was to come to a vote tomorrow, with private polls indicating its defeat, came after virtually every senator came to the conclusion that the bill could not pass without revision.

**Peace Without Annexation Not in Favor
With German Government**

MAY FORCE ZIMMERMAN TO GET OUT

**Vice Chancellor Helfferich May Also Be Asked to Quit;
Promise Changes in Prussian Cabinet; Kaiser Calls
Crown Council—Which Only is Done in Grave Times—
And It Sits For Three Hours.**

The Germans cannot declare their terms of peace and "must fight and conquer," Dr. Von Bethmann Hollweg, the imperial chancellor, is reported to have told members of the Reichstag. Peace without annexation is not looked upon with favor by the German government, the chancellor is reported to have said, adding:

"I am sure we can win if we hold out."

The imperial chancellor, one report says, will retain his post, but a German paper says that he has promised the resignation of Foreign Minister Zimmermann and Vice Chancellor Helfferich. Changes in the Prussian cabinet are expected.

Force Zimmermann Out.

Amsterdam, Holland, July 10.—German Imperial Chancellor von Bethmann-Hollweg, says the Koelnische Volks Zeitung, promised the Reichstag that he would consent to the resignation from the cabinet of Foreign Minister Zimmermann and Dr. Carl Helfferich, secretary of the interior and vice chancellor, and in addition five members of the Prussian cabinet will be asked to resign.

Crown Council Meets.

London, England, July 10.—The crown council called by Emperor William was held in Berlin yesterday, according to an Exchange Telegraph dispatch from Amsterdam today, but no announcement as to what took place has been made.

"The German public is very uneasy regarding the absence of news as to the decisions of the crown council

which the emperor held yesterday," says the dispatch. "Only in times of greatest stress are such meetings held."

Other advices from the same source say that the meeting of the crown council lasted three hours, being one of the longest on record since July, 1911, when Emperor William signed the mobilization order that preceded the declaration of war.

The ministers of both the empire and the kingdom were in attendance, together with the members of the emperor's military and naval cabinet.

It is believed, says the dispatch, that one of the results of the council will be the introduction of electoral reforms.

A German wireless dispatch today says that at Monday's meeting of the Reichstag main committee the submarine activity was unanimously recognized as an activity "which had surpassed all expectations."

FRENCH THROW BACK ATTACK BY GERMANS

**TEUTONS SUSTAIN HEAVY LOSSES
WITH NO GAIN**

French front in France, Monday, July 9, by the Associated Press — The French troops holding the sector of the Chemin des Dames, to the south of Soissons, although drenched to the skin and mud covered from head to foot, were full of confidence and cheerfulness today when the correspondent went among them. They had just repulsed an attack of the most formidable nature, in which the Germans sustained shocking losses without obtaining more than a temporary foothold in these positions.

The sector in question comprises the Panthou farm, and is menaced at all times because of the domination of it by the ancient fort De Malmaison, which is in the hands of the Germans. Early this morning the Germans opened a most intense bombardment of the French lines, and while the hurricane of shells was still falling a German force, comprising from 10 to 12 infantry battalions, made a sudden rush into the French division.

A brigade of the famous Chasseurs Alpins had occupied the sector and was holding the line firmly. The French, however, were forced to fall back before the overwhelming number which followed on the heels of the German units brought specially from other points on the line to lead the attack.

The Germans failed, however, to take the French spirit into the reckoning. Immediately after a slight recoil the French Chasseurs aided by engineers and reservists employed in road making in the rear, organized counter-attacks and despite the most desperate resistance ejected or killed most of the German interlopers capturing a large quantity of their material.

Hand to hand fighting was still proceeding when the correspondent left this evening while the shell craters and communication trenches were encumbered with many German dead. Many of their wounded were engulfed waist deep in mud caused by the recent extremely heavy rains. The French losses were severe but nothing to those sustained by the Germans.

Six Frenchmen who were captured and taken to the second German line, attacked the sentry who was guarding them, escaped, and returned to the French line.

In general the fighting was so desperate throughout the action that few prisoners were taken by either side.

A vigorous artillery duel is in progress between the British and Germans in Flanders. The German artillery fire also has been intense along the front held by the Belgians.

REPORT MEXICO IS TO BREAK WITH GERMANY

**HOWEVER, WASHINGTON HOPES
THEY ARE NOT TRUE**

Washington, D. C., July 10.—Reports that Mexico is about to break with Germany led to the authoritative statement today that any such move would not be based on advice given by the American government.

It was stated that no suggestion of an active endorsement of the position of the United States has gone to Mexico City from Washington except the general note addressed to all neutral governments upon the rupture of relations with Germany in March. It was made clear, furthermore, that while the American government would welcome a friendly attitude by Mexico, many high officials believe the best interest of the two nations would be served if the southern republic maintains neutrality in the war.

Mexico's present position has been defined by her foreign office as one of "strict neutrality," but it is in fact a benevolent neutrality, since she is permitting American warships to lie in her harbors without protest. They have been there since the days of Huerta, the patrol being most constant at Tampico, because of the big oil interests in and near that port.

Today was the operative date of General Carranza's new schedule of export taxes on crude oil and its derivatives, on which the British fleet depend for fuel. The United States conducted a voluminous correspondence with the Mexican government after protest had been made to the state department by oil operatives, but Mexico's intention not to take off the tax caused the operatives to pay the tax.

HOLD TWO FOR MURDER

**Attendants at Hospital for Insane
Charged with Killing Inmate.**

Ogdenburg, July 10.—Webster MacPherson and Ray J. W. Keeler, attendants at the St. Lawrence State Hospital for the Insane, were held for the action of the grand jury on charges of manslaughter. It is alleged they caused the injuries which resulted in the death on July 6 of George Jabott of Morrisville, a patient in the hospital. Jabott was fixed at \$5,000 in each case.

Medical witnesses declared that Jabott had nine broken ribs, a rupture of the small intestine, and a nasal fracture. It was asserted these injuries were received during a struggle with attendants while they were trying to remove his clothes and put him to bed. No testimony was presented on behalf of the defendants who waived examination.

BASEBALL RESULTS

NATIONAL LEAGUE

ROBINS AND CUBS DIVIDE

First Game, a Pitchers' Duel, Goes to Chicago; Aldridge Knocked Out.

Brooklyn, July 10. — Brooklyn and Chicago divided today's double header, making an even break on the series. The Cubs won the first, 1 to 0, after a pitchers' battle between Vaughn and Marquard. The Dodgers took the second game, 4 to 1, knocking Aldridge out of the box in the second inning.

Chicago ... 000000100—1 5 1
Brooklyn ... 100000000—1 6 2
Batteries — Vaughn and Wilson; Marquard, Coombs and Meyers.

Second Game —
Chicago ... 000000100—1 5 1
Brooklyn ... 100000000—1 6 2
Batteries — Aldridge, Hendrix, Dillhoefer, Cadore and Miller.

TONEY'S FIFTEENTH VICTORY.

Cincinnati Beats Boston, Who Make Four Runs in Ninth Inning.

Boston, Mass., July 10. — Cincinnati strengthened its hold on the first division today by beating Boston, 10 to 5. Toney pitched for the visitors and hung up his fifteenth victory of the year. Boston made four runs and five of its 12 hits in the last of the ninth inning.

Cincinnati ... 310020300—10 13 1
Boston ... 010000000—5 12 2
Batteries — Toney and Wingo; Hughes, Barnes and Rice.

St. Louis-New York, rain.
Pittsburgh-Philadelphia, rain.

AMERICAN LEAGUE

BATTLE FOR SEVENTEEN INNINGS

Yankees Finally Win Out With Two Runs to the Good at 7 to 3.

St. Louis, Mo., July 10. — St. Louis and New York battled for seventeen innings today, a single by Baker in the seventeenth driving Peckinpaugh in with the winning run for the visitors. The score was 7 to 5. Wonderful fielding shut off several runs. In the fourteenth with men on first and second and one out, Aragon hit a hot liner toward left but Austin leaped into the air, speared the ball with his left hand and touched second for a double play. In the sixteenth, after Marsons had singled and Sothorn had sacrificed, Shotton hit a low line drive to center but as Marsons was about to score Hendrix raced in and made a shoe-string catch.

New York ... R H E
0000230000000000—7 12 2
St. Louis ... 1000002100000000—5 15 4
Batteries — Fisher, Love, Caldwell and Alexander; Nunamaker, Plank, Wright, Koob, Sothorn and Seweroid.

TIGERS-SENATORS BREAK EVEN.

Split the Series When Detroit Takes Last Game From Washington.

Detroit, Mich., July 10. — Detroit won the last game of the series from Washington today, 5 to 4, making the series a tie, each team having won two. After Washington had taken a four-run lead Detroit bunched hits on Dumont in the third and sixth for just enough to win.

Washington ... 013000000—4 8 2
Detroit ... 002000000—5 6 2
Batteries — Dumont, Ayres and Henry; Boland and Stanage.

Mayor Challenges Minister.

Mayor of Lewiston, Me., has challenged local pastor to two six-round bouts in city hall or a debate in pulpit.

First Baseball Player to Enlist

HANK GOWDY.

Hank Gowdy, who joined the United States artillery, is back on the firing line of organized baseball because there was no immediate need for his services in the war. He is to be called to the colors when needed.

PHILADELPHIA WINS ON ERRORS

Final Game of Series With Chicago Goes To Quakers, 7 to 3.

Chicago, Ill., July 10. — Errors by Chicago gave Philadelphia the final game of the series today, 7 to 3. The visitors were helped along to their first two runs on errors and won the game in the ninth inning when Manager Rowland sent several relief pitchers to the mound.

Philadelphia ... 010100014—7 10 2
Chicago ... 010000020—3 5 6
Batteries — Noyes and Schang; Faber, Russell, Damforth, Cicotte and Schalk.

Boston-Cleveland—wet grounds.

CHANGES IN TEAM ROSTERS.

Buya Outfielders. Transfers Willhoit, Releases Massey and Reubach.

Boston, Mass., July 10. — Manager Stallings of the Boston National League team tonight announced the purchase from Providence in the International league of Outfielders Walter Reig and Ray Powell, the transfers of Outfielder Joseph Willhoit to the Pittsburgh team by the waiver route, the unconditional release of Mike Massey to Providence, and the release to Providence of Edward Reubach.

Outfielder George Twombly, who refused in June to be sent to Louisville by Boston, had agreed to join the Providence club to which Louisville has consented.

The Giants released Pitcher George Smith to Rochester.

New York, July 10. — The National league club announced tonight the release of George Smith, the former Columbia university pitcher, to the Rochester club of the International league. The local club retains an option on Smith's services.

Chicago, Ill., July 10. — James Archer, veteran catcher with the Chicago Nationals, was unconditionally released today. Archer held out early in the season and has not been playing regularly.

NEW 2,000 METRE RECORD.

Stockholm, Sweden, July 10. — Vanders, a Swedish runner, made what is believed to be a new world's record for the 2,000 metre run in the stadium here today. He covered the distance in five minutes and 31 seconds.

Stopped the Meal.

Soup flew all over the diners and broke up the meal when an American liner hit a mine off the Mersey last month, returning passengers report.

FLOWERS

For the pretty June bride the correct arrangement of the bridal bouquet requires more skill than the arrangement of flowers on any other occasion. We have made a study of this kind of work for many years and we know what would be most fitting in style and individuality. We guarantee satisfaction. Quality Flowers—without overcharge.

FINANCIAL AND COMMERCIAL

New York Markets.

New York, July 10. — Various developments contributed to the improved tone of today's broad and active market, extreme gains of 2 to 5 points in the numerous issues being fully retained at the close.

The better crop outlook, as indicated by yesterday's crop estimates, increasing recognition of benefits to the railroads from recent rate concessions and further declines in time and call money were factors of more than passing importance.

Washington advices which pointed to an early solution of war tax and profit problems and continued success of the allied movement on the eastern war front also helped to stimulate speculative sentiment.

Rails were active at advances of 1 to 3 points.

United States Steel made a gross gain of two points from its low price of the morning, and Bethlehem, Crucible, and Lackawanna Steel, and Republic Iron advanced 1½ to 3 points with other equipments, the shippings and motors.

Metals moved irregularly most of the time and specialties, particularly industrial alcohol and the tobaccos, reflected the greater activity of pools. Alcohol lost 5½ points to 157½. American Sumatra Tobacco 3 points. American Tobacco 3. United Cigar Stores 4 and Tobacco Products 2½. Total sales amounted to \$75,000 shares.

Heavy dealing in Liberty 3½'s, all the big individual lots selling at par, was the outstanding feature of the bond market. Total sales, par value, aggregated \$4,200,000.

U. S. bonds of older issues were unchanged on call.

DECEIT.

Shun all manner of deceit. 'Tis a cowardly and servile humor to hide and disguise a man's self under a visor and not to dare to show himself what he is. By that our followers are trained up to treachery. Being brought up to speak what is not true, they make no conscience of a lie—Mentaline.

George Gould Follows Brother's Example and Marries Quietly

MR. & MRS. GEORGE J. GOULD JR.

Twice within a week Mr. Dan Cupid's dart struck the Gould family, without any notice being given to the head of the Gould household. George Gould Jr. it was this time, the first to be trapped by Mr. Dan being Kingdon Gould, who was married quietly to a New York artist at St. Patrick's cathedral in New York.

George Gould Jr., who is shown in the photograph with his bride, was married quite as quietly as Kingdon, but in Philadelphia. Young Gould and Miss Laura M. Carter, of Ardara, N. J., went to the Quaker City and were married by a Methodist minister. The photograph was made at a recent garden party. It was at a similar function that the young people met.

OTSEGO COUNTY NEWS

RED CROSS DAY AT MILFORD.

Attend the Theatre and Join the Red Cross.

Milford, July 10.—The town of Milford is sending into the federal service 21 volunteers and is justly proud of this record. These young men are offering their lives to their country and its up to us who remain at home to uphold them and to minister to their needs.

The local Red Cross society offers everyone the opportunity to send aid for these fighting men—aid that in this great war is absolutely necessary. Wednesday of this week will be Red Cross day in this village and every man and woman in this vicinity should at least equal the town's record for enlistment by making a record for patriotic support of the Red Cross.

The wonderful picture of "Romeo and Juliet" featuring Francis Bushman and Beverly Bayne will be given Wednesday afternoon and evening at the Temple theatre and the proceeds will go to the Milford branch of the Red Cross. The afternoon show will commence at 3 o'clock and the evening performances at 7 and 9 o'clock. Special music will be provided with several selections by a male quartet. The price of admission will be 25 cents.

The Red Cross work rooms adjoining the theatre will be open during the afternoon and evening and everyone is urged to visit the room and inspect the work being done. New members will be solicited at this time and every man or woman, incapable of active service, who refuses to aid the soldiers in this way, is false to the cause in which we have all enlisted.

The local branch is accomplishing much work but funds are needed to purchase supplies. Attend the theatre Wednesday—join the Red Cross if you are not already a member—help the men who are fighting for you.

Enters Hospital For Training Course.

Miss Mary Schreiber, a student of the Milford High school, leaves today for Cooperstown, where she will enter the nurses' training department of Thanksgiving hospital.

Personals.

Dr. and Mrs. W. R. Seaber returned Monday evening from Allentown, Pa., where they visited their son, Carl G. Seaber. — Mrs. Mariette Bryant of Greene is the guest of her sister, Mrs. Clara Platt. — Mr. and Mrs. E. O. Jewell, Tracy Jewell and Miss Clymenia Jewell have been spending a few days at the home of the former's brother at Mexico, this state. — Mrs. C. E. Carr of Cooperstown was the guest of Mr. and Mrs. Kent Barney several days last week. — Mrs. Fogarty of

Troy is spending a few days with her daughter, Mrs. Earl Culver. — Misses Charlotte and Irene Mereness of Oneonta have been spending a few days with friends in town. — Mr. and Mrs. O. D. Westcott are spending a few days at their camp at Goodyear lake. — Mr. and Mrs. H. J. Beavis and Mr. and Mrs. W. N. Chase departed today by automobile for Berkshire to spend several days with Mr. and Mrs. Allen Barr.

OBSERVED IN OTEGO.

Women's Christian Temperance Union Hold Interesting Meeting.

Otego, July 10. — The Women's Christian Temperance union held an interesting meeting at the Methodist Episcopal church Friday afternoon. The president, Mrs. S. A. Brown had charge of the meeting. Mrs. M. Widger was appointed superintendent of the Boys' Loyal Temperance legion. The union also voted to make "comfort bags" for our soldiers.

Thursday evening of this week the chorus choir will meet for a rehearsal at the Methodist church.

Next Sunday evening at 7:30, Mrs. A. D. Finch of Sidney Center, president of the Women's Christian Temperance union, will deliver an address on "Temperance and Patriotism" in the Methodist Episcopal church.

Otego Grange Initiation.

The Otego grange conferred the third and fourth degrees on a large number of candidates at the regular meeting Monday evening. At the close of the meeting, refreshments were served and a social time enjoyed.

Meeting Postponed.

The regular meeting of the Home Economics club has been postponed to Tuesday, July 24. Further notice of this meeting will be given later.

To Hold Patriotic Supper.

The Gleaners society of the Baptist church will hold a patriotic supper in the church dining room Friday of this week from 5:30 until all are served. Price of supper, 25 cents.

Rebekah Meeting.

Vale Hannah Rebekah lodge will hold its regular meeting Wednesday evening. One candidate for membership will be initiated. All members are requested to be at the lodge rooms at 7:30 sharp for practice.

Red Cross Meeting.

A meeting of the Red Cross will be held at the Red Cross headquarters on Thursday afternoon at the usual time.

Card of Thanks.

We wish to thank the Otego Hose company and the Otego Hook and Ladder company for the excellent

work they did in protecting our dwelling during the fire of Friday evening. We also wish to thank the many kind friends and neighbors for their assistance in every way. Mr. and Mrs. R. J. Ferris.

A BUDGET FROM WEST ONEONTA

Galen Harrison Cracks Collar Bone in Fall from Bicycle.

West Oneonta, July 10. — While Galen Harrison was riding his bicycle Saturday afternoon a rim broke, throwing him to the ground, cracking his collar bone. He was in Oneonta Monday to consult Dr. Latchner.

To Have Field Day.

The Missionary society of the Free Baptist church will have Field day Thursday afternoon at the home of Mrs. Charles Clark.

Y. P. B. to Meet Wednesday Evening. The Y. P. B. of West Oneonta will hold an outdoor meeting Wednesday evening, July 11. The members are requested to meet at the schoolhouse at 7:30.

West Oneonta Newslets.

Claud Crydenwise spent several days last week with Walter Place at Otego. — Mr. and Mrs. Thornton Marble and Mrs. Charles Alger attended the funeral of Darius Wright at Mt. Vision Thursday. — Mrs. E. L. Dakin is attending summer school at Oneonta. — Mr. and Mrs. Horace Harrison and Mr. and Mrs. B. G. Ackley motored to Three Mile Point Sunday afternoon. — Mr. and Mrs. Canfield and children of Oneonta visited at the home of her

DELAWARE COUNTY NEWS

DEATH OF WILLIAM WANZER.

Highly Respected Resident of Sidney Expires Monday Evening.

Sidney, July 10. — William F. Wanzer, one of Sidney's most highly esteemed citizens, died rather suddenly at his home on East Main street Monday evening about 10 o'clock. Mr. Wanzer was about 70 years of age. He was attending to his business affairs and was seized with severe pains while on Cartwright avenue. He hastened to the office of Dr. L. M. Day, who diagnosed his trouble as acute indigestion. After a short time, he was able to go to his home. Toward evening he began to feel easier. As Mrs. Wanzer was in another room preparing to retire for the night she heard him gasp and hastened to his side. He expired almost immediately. Neuralgia of the heart was assigned as the cause of his sudden end. Mr. Wanzer was a native of Morris and lived in that village until he moved to Sidney 32 years ago. He entered into the furniture business which he conducted for some time and later he conducted a book and stationery store. For nearly 20 years he has conducted a successful real estate and insurance business. About 28 years ago he was married to Miss Sella C. Whitman of Bainbridge. Mr. Wanzer was a man of fine character, a home loving man, a citizen actively interested in the affairs of the community and a good neighbor and his death is deeply regretted by a host of friends. He is survived by his wife, one daughter, Mrs. Stanley Harris of Weehawken, N. J.; two brothers, Charles of Sidney and Delwin of Morris, and one sister, Mrs. William Garrett of Binghamton. His funeral will be held Thursday afternoon at 2 o'clock from his late home and will be under the direction of Siloam lodge of Odd Fellows of

which he was an active member. He was also a Maccabee. Rev. A. D. Finch of the Methodist church, which Mr. Wanzer attended, will officiate at the funeral. Burial will be in Prospect Hill cemetery. Mr. Wanzer's age was 64 years.

Siloam Lodge Installs.

The officers of Siloam lodge, I. O. O. F., recently elected at their semi-annual meeting, were installed last evening, district deputy grand master of the Otego district, Barnett Jennings of Otego, having charge of the ceremonies. As several of the officers selected for the appointive offices were not present, only those recently elected were installed as follows: Noble grand, Myron J. Mills; vice grand, William Slawson. Following the ceremonies ice cream and cake were served and a musical program enjoyed.

Engagement Announced.

Last Friday evening a party was held at the home of Mr. and Mrs. George Blowers, Maple avenue, at which was announced the engagement of Miss Perle Baker, daughter of Mr. and Mrs. E. R. Baker of this village, to Wendell Fletcher of Elmbridge, who recently enlisted in Battery C of Binghamton and who is now with his command at Plattsburg. The rooms were decorated in a color scheme of pink and blue. A four-course dinner was served. The evening was pleasantly passed with games and music.

Farewell Reception.

Last Saturday evening at Municipal hall the members of Cartwright Hook and Ladder company gave a farewell reception to Dr. R. H. Loomis, who recently enlisted in the Medical Reserve corps. It was also the occasion of Mr. Loomis' birthday. A very complimentary address was made by Village President E. E. Pudney, who also presented Dr. Loomis with a

handsome wrist watch as a token of esteem from the members of the company. Light refreshments were served and a very pleasant evening enjoyed.

Bank Meeting Held.

The Sidney National bank held its semi-annual meeting of the board of directors this afternoon and as has been their custom in the past, declared a semi-annual dividend of ten per cent. Another feature of this meeting and one for which the board is to be highly commended, was the declaring of a dividend of one per cent, amounting to \$500, which sum they presented to the local chapter of the Red Cross.

Minor Mention.

Earl Fleming, who has been a courteous and efficient employee at the Rushton news store several years, has resigned and on Monday entered the employ of the Kayser factory. — Miss Calla King of the Sidney school faculty and librarian went to Albany Monday to take a month's training in the library course at the State Educational department. — Mrs. James Keeton, who went to Old Forge in order to receive benefit to her health, has been compelled to return home as the climate did not agree with her. She has

not yet fully recovered from her recent severe attack of pneumonia.

SUFFRAGE SACRIFICE SALE.

Announced by Delhi Club for July 17, 18 and 19.

Delhi, July 10. — Announcement is made of a great sacrifice sale for the benefit of the war fund by the Delhi Equal Suffrage club to be held at the club headquarters in that village Tuesday, Wednesday and Thursday, July 17, 18 and 19. The ladies having the sale in charge are the members of the war service committee: Mrs. Samuel F. Penfield, Miss E. Augusta Clausen, Mrs. S. C. Simmons, Mrs. Henry White Cannon, Mrs. Wallace B. Gleason, Mrs. William H. Millard, Mrs. George A. Fisher and Mrs. Walter G. Edgerton. The proceeds are to be devoted to war service work in and for Delaware county, and friends are urged to donate everything that can be spared, useful or ornamental. Articles may be left at headquarters at any time up to July 16.

Brief Delhi News Notes.

James L. Jacobs and daughter, Isabel, who have been guests at James K. Penfield's, have returned to Utica. Dr. Grover Silliman went to Albany

recently to take the examinations for army surgeon. He was accepted and in the course of a few months expects to start for France. — Gifford Heckroth, who has been doing farm cadet work in Connecticut, has returned home and is helping in his father's store. — H. Glen Harper is spending a few weeks with his parents in town. — Rev. A. M. Forrester is taking his vacation, part of which will be spent with his family at their mountain cabin, Camp Right. — Miss Mildred Gladstone is visiting her aunt, Mrs. John Douglas, in Binghamton. — Miss Ruth Woodruff, just graduated from the State Normal school at Trenton, New Jersey, has gone to Perth Amboy for a short visit. She expects to take a grade position in the New Jersey schools in the fall. — Miss Eleanor Garrison of New York is in town to assist in the equal suffrage work of the county.

That there is a crisis in Germany is a consummation devoutly to be hoped. If the masses are at last ready to rebel against the ancient vested rights of Junkerdom and ritterdom, there is an end of fighting in sight.

It is not so long ago that it was stated that the period of stormy weather was definitely at an end. And it was respectfully requested that the reader knock, for good luck, on wood. Evidently the injunction was not universally heeded.

The Germans were unusually unsuccessful, an exchange declares, in their latest air raid on London. There was a surprisingly small number of women and children killed. To a Kaiser who seems to delight in killings directed on land and sea against the helpless and unprotected, this result must be distressing.

Stormy and not long in years as was the first term of the republic in China, the reign of the youthful emperor is apparently to be even shorter. Already the soldiers of the republic are at the gates of Peking, and the monarchists are in retreat. But perhaps the President of China would not admit any hiatus in his rulership, insisting that the recent troubles were merely a disagreeable but not distressing incident.

"France is gasping. England has reached the afternoon of her effort. Now what are you going to do about it? It's no longer a question of helping them—England and France and Russia. It's a question of fighting for the United States of America—a question of fighting." These words are from a speech of Emory Pottle before the Binghamton Chamber of Commerce. They put into concrete form what everybody is coming at last, even if dimly, to comprehend. It is America we are fighting for—and the world!

Judging from comments made by sundry citizens of Morris and Butternut, there will be little grief felt over the failure of the State Highway commission to receive bids for repair work on the Morris-Gilbertville highway. The character of the repairs was not believed to be just what that troublesome stretch of highway is needed. At the same time the failure of the commission to receive bids is an indication of the difficulty which is everywhere being experienced in securing necessary help to do the work.

Along with the cheering information that the United States this year will have a billion bushels more of grain to distribute among the allies than it had a year ago, comes the information that the crops in Germany are much less than even in the lean year of 1916. From the standpoint of the heart which aches at the thought of starving women and children, the latter is sorrowful tidings. From that of the stern spirit which knows that every additional bushel of grain in Germany means definite prolongation of this unrighteous conflict, it is good news—better far than if it were of a great battle and slaughter of the enemy. If the war can be brought to an end by anything else than by fighting, every heart will rejoice.

It is unfortunate that a city like Binghamton, with such a splendid high school and grade schools and with an apparently excellent teaching staff, should be so continuously at loggerheads over its school situation. But perhaps the real trouble is that the schools are more or less a football of politics. A school board, once appointed and confirmed, should be allowed to do its work unhampered by inside or outside interference. The latest incident in the school situation is the resignation of Principal Hoehart, whom authorities declare to be one of the leaders in vocational education. Of course his decision to go as principal to the East Technical school at Cleveland, Ohio, may not have been influenced by the local situation. But there are few people who like to live in a tempestuous tenor, even if the tempest does not concern them directly.

No Proposals Received.

The repair work on the Morris-Gilbertville road, part two, will apparently be further delayed. Bids were opened Monday afternoon at the office of the State Highway department at Albany, or would have been if there had been any offered, as there were not. The same condition obtains throughout the state. In a list of 20 or more roads there were several for which there were no bidders, and the high mark in numbers was three.

Better Flying.

A few years ago Glenn Curtis flew from Albany to New York with one stop, winning a money prize and a reputation. Last week a 19-years-old girl did Buffalo to New York in three jumps and caused no excitement. (Syracuse Post-Standard)

CURRENT COMMENT

More straight shooting at U-boats by American gunners is to be noted just to keep the record going.—[New York World.]

The only way to be scientific in business without too great risk is to know when to forget all you have been taught.—[New York Post.]

Who will shed a tear for the silk hat? Experts in economy have branded it a needless luxury and are demanding its abolition. — [Cleveland Plain Dealer.]

If whiskey is put under the ban, of course the dealers will assist the cause of prohibition by raising prices, though there is a three-year supply of the liquor in the warehouses.—[Rochester Herald.]

It may seem to be a brutal suggestion, but one way to overcome to a slight extent the print paper shortage would be suppressing the enemy language newspapers that still persist in defending Germany's cause in the war.—[Springfield Union.]

Because President Wilson is a historian, he does not intend to repeat the errors of Charles Albert of Sardinia and Napoleon III, rulers who rushed into war almost wholly unprepared to meet the well organized Teuton.—[Troy Record.]

Some of them are telling us that wheat costs more in the United States than in any of the belligerent countries, and point out that while it is \$2.07 a bushel here it is quoted at \$1.80 in Germany. But one can get the wheat here, and to save one's life a private individual could not buy a bushel of wheat in Germany without official permission.—[Utica Observer.]

Already the national campaign against waste in the household is showing results in some measure commensurate with the effort made. Garbage plants at Cleveland and Buffalo report that in the past 60 days the amount of fats obtained has decreased 40 per cent. It might be added that nobody is the worse for this, and every family the better because of the conservation of food so disclosed. There can be no question that the good work will go on and its beneficial results increase. A nation of over-eaters and food wasters is being led into good sense and thrift. This is a cause for national rejoicing which we may well place over against the loss side of our ledger.—[Springfield Republican.]

The British demand for reprisals because of the German air raids and the wanton murder of women and children is natural and inevitable, but it is to be hoped that the government will be strong enough to resist public clamor. No good can possibly come of reprisals. The German air raids will continue until the British air defenses become effective enough to beat back the German planes, and no military advantage is to be gained by the murder of German women and children. Democracy cannot afford to participate in that kind of conflict. The best objects for British reprisals are the German army and fleet.—[New York World.]

In the statistics furnished by the state department of labor it appears that manufacturing activity in New York for last May showed a gain as compared with the previous month. There was a decided gain for May, 1917, over the same month of May, 1916. The increase of employees in all industries was 6 per cent and the increase in wages was 21 per cent. The greatest gain was in metals, machinery and conveyances. The industrial situation in this state was never better than it is today and it can be safely said that the man or woman out of a job really does not wish to work.—[Utica Press.]

EMORY POTTLE IN BINGHAMTON.

Eloquent Address of Former Normal Student Thrills City Audiences.

Emory Pottle, who more than 20 years ago graduated from the Oneonta State Normal school, and who since the war broke out has been connected with the American Ambulance Field service for two years at the front and ever since presenting the needs of that service in the United States, spoke Monday night before 100 members of the Binghamton Chamber of Commerce. In his talk before the business men and again last evening at the Red Cross mass meeting, he did what he did earlier in the year in Oneonta—he thrilled and impressed his hearers as never before they had been by his recital of things done and by his stern but effective portrayal of the situation at the battle front in France. No such addresses, it was the Binghamton verdict, had ever before been given in that city.

Today Mr. Pottle will speak in Norwich. In the afternoon he will address the leaders in the Red Cross work and in the evening will be the principal speaker in a mass meeting which it is believed will be one of the largest ever held in Norwich.

Col. Scott at Harpersfield.

Referring to the Fourth of July celebration at North Harpersfield a correspondent of the Jefferson Courier writes as follows:

The celebration here yesterday brought many people. The address by Col. Walter Scott of Oneonta was enjoyed by a church full of people. The colonel is one of Oneonta's first citizens and his address, naturally, touched at some length upon the world wide conflict between nations, and he showed himself to be thoroughly informed upon the subject and he had the ability to give expression of his views in a very practical and plain manner, eliciting much enthusiasm and receiving the patriotic applause of his large audience.

INCREASE PRIZES AND PURSES

CENTRAL NEW YORK FAIR TO BE HELD SEPT. 17 TO 21.

Despite discontinuance of other fairs Local Association, Favored by Location, Will Make Special Efforts for Big Exhibition.

Country fairs, in common with all other enterprises, have been hit by increasing costs, and it has been increasingly difficult to conduct them without large deficits. Oneonta is fortunately situated in this respect, having railroad connections in all directions, so that large crowds are attracted. While other fair managements have decided to give no exhibition this year, and one association, that at Margaretville, has disbanded and disposed of its realty, the Oneonta fair management has increased its premiums and purses and is making every effort for a more successful exhibit this year than ever before. This is in accordance with the request of the state department of agriculture, which desires that special effort be made to encourage agriculture in the state. The Oneonta fair dates are September 17, 18, 19, 20 and 21. The premium books will shortly come from the printers and be ready for distribution.

In efforts to co-operate in promoting agriculture, the management here has nearly doubled the prizes on the live breeds of cattle most popular and productive in this part of the state—the Holstein Friesian, Jerseys, Ayrshires, Guernseys and Shorthorns. This is expected to increase the display in the cattle sheds and to make the cattle show a big feature of the exhibition.

The purses for the races have also been increased so that the total amount offered this season is \$2,000, with four days of racing. The purse in the 2:12 and free-for-all classes has been increased to \$400, the former being scheduled for the second day and the latter for the final day, so that horses can be started in each event if the owners so choose. This should, it is believed, result in increased entries for the races and more interesting events. With four days of racing the meet should be one of the very best ever held in this section.

Among the fairs which have decided to give no exhibition this year in addition to the Margaretville, are those at Cooperstown, Schoharie and Herkimer. These will relieve the superabundance of fairs for Central New York and assure a larger patronage to the Oneonta fair.

While the railroads are retrenching in the matter of special and excursion trains, it is believed that the usual good railroad facilities for attending the Oneonta fair will be provided so that the throngs can come as before from all directions. With no fair remaining between this city and Kingston, it is believed that the attendance from along the Ulster and Delaware will be large this fall.

Mr. Wilber and his assistants are now busily engaged in securing a first class assortment of special attractions and when fair time comes it is believed that the Oneonta fair will as formerly be found to be still giving a dollar's worth for the same old price of 25 cents.

Picnic at Ne-ah-wa Park.

The Woman's Home and Foreign Missionary societies of the Methodist Episcopal church held a delightful picnic at Ne-ah-wa park yesterday afternoon. A large number of ladies was present, despite the threatening weather. Dinner was served in the pavilion at 6:30 o'clock and was attended by many of the business men of the city. The delicious repast was partaken with keen relish. A most pleasant time was spent by all.

Will Hold Band Concert July 24.

At the regular meeting of the Baraca class of the West End Baptist church, held in the home of Dr. O. C. Tarbox last night, the members voted to hold a band concert and ice cream festival on the lawn of the church on River street on the evening of July 24. After a business meeting the members and their friends played games and partook of refreshments. Forty were present.

MANY LISTEN TO BAND CONCERT

City Band Renders First One of Season Playing Many Enjoyable Selections.

Several hundred people lined the curb stone, and about twenty auto parties parked their cars, to listen to the first concert of the season given by the City band in front of the Municipal building last night. In former years these concerts were played in Brown park, but because there are no lights in the band stand there, the sidewalk in front of the Municipal building was chosen. The crowd, by much hand clapping and tooting of auto horns, gave voice to their appreciation of the many excellent selections.

Sells Truck to Ice Company.

For use in hauling heavy loads of ice, the Oneonta Ice company has bought a three and a half ton Republic truck from Fred N. VanWile. The truck was brought to Oneonta yesterday by William Lunn, who drove it here from Utica, accompanied by Mr. VanWile.

Motion Pictures at Schenervus.

Schenervus, July 10.—G. D. Vandervoort of Milford will present for the people of this village, a high class motion picture show at Chase & Bennett's hall on Friday evening, July 13.

RONAN BROS.

Many Extra Values for the First Week in July

An unusual event of two-fold importance (value and style) to every woman planning her summer wardrobe.

Special Values in Tub Skirts

There is nothing more practical for summer wear than smart trim tailored wash skirts that launder easily and are always fresh as new.
White Linens \$1.25, \$1.75, \$2.00 and \$2.50.
White Rep \$1.95, \$2.50, \$2.95, \$3.50 and \$5.00.
White Pique \$2.50, \$2.95, \$3.50, \$3.95, \$4.50 and \$5.00.

New Arrivals in Shirt Waists Daily

Light pretty waists in many stunning styles—a visit to this department gives satisfaction to every customer.
Georgette Blouses \$2.95, \$3.75, \$4.00, \$5.00, \$5.90 and \$7.00.
Pussy Willow Blouses \$2.95, \$3.50, \$3.95, \$4.50, \$5.00 and \$5.90.
Voile Blouses \$1.00, \$1.25, \$2.00, \$2.75, \$3.50, \$3.95 and \$5.00.

Wool and Fibre Silk Sweaters for Summer

The colors are wonderful. Rich apricots, apple greens, plum, soft French blues, old rose and maize, combined with other fetching colors. The styles are equally marvelous at the prices—gathered and corded waistlines, deep sailor collars, long throw sashes and stunning pockets.
Prices \$3.95, \$4.50, \$5.00, \$5.90, \$7.00, \$7.90 and \$8.75.

More New Summer Ideas in \$3.50, \$5.00 and \$6.00 Hats

A little larger, a little lighter, a little more airy, with plenty of white and white combined with black and navy blue. Sheer crepe facing and over brim and edges, dainty fancies, here and there a flower, fluttering ribbons, new ornaments and, of course, plenty of distinctive all-black hats which some prefer.

Attractive Summer House Dresses

Very pretty models in chambrays, percales and lawns in pink, blue, lavender and gray. Billy Burke fashion, or with collar and cuffs of plain chambray. Prices \$1.00, \$1.50, \$1.95, \$2.50 to \$3.50.

This store will close at 5 o'clock on Monday, Tuesday, Wednesday, Thursday and Friday of each week during July and August.

Valor and Value!

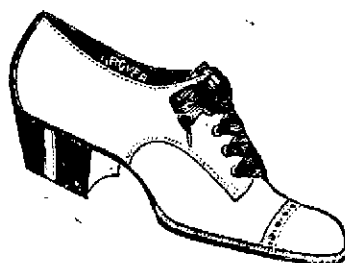

The valor of a soldier isn't determined by the stripes on his sleeve, any more than the value of clothes is determined by the price on the sleeve ticket. Valor and value are alike; they represent respectively what the soldier DOES and what a suit of clothes DOES.

KUPPENHEIMER CLOTHES

bear very striking outward marks of superiority, their style is readily recognizable as "select;" they give the wearer a well-groomed appearance that many a custom tailor envies. But their value is in the sum-total of little details that give life to the looks and stamina to the quality. They wear, and they keep looking good while they wear.

LOCAL MENTION.

—A special train of nine cars, carrying Battery C from Englewood to Plattsburg, passed through Oneonta yesterday afternoon at about 2 o'clock.

—Luncheon and bridge at the Country club Saturday afternoon at 1 o'clock. Price 60 cents. Please notify the caterers, Mrs. Bassett, by Friday noon.

—City Chamberlain Boudish is sending out final notices to delinquent taxpayers and an early tax sale of property in the city is expected. It is much cheaper to pay before any costs are attached for the sale.

—The Oneonta theatre today will see the gathering of a number of Cooperstown people to witness the screening of the photoplay, "Great Expectations," scenes of which were photographed on the famous Iroquois farm, and other local points, in and about Cooperstown.

—The annual meeting of the Aurelia Osborn Fox Memorial hospital society was held at the hospital last evening and the old directors were re-elected and the old officers were also re-elected, with the exception that Robert Hall succeeds Irving H. Rowe, who declined re-election as secretary.

—Tickets for the summer Chauteau next week are now on sale at the Citizens National bank and at the book store of Henry Saunders, in addition to the store of R. W. Murdock and at the Wilber National bank. The advance sale to subscribers continues today and tomorrow and on Friday and Saturday the sale will be open. There will be only about 150 tickets to be sold to non-subscribers and those wishing to secure them should make early application.

COMPANY G BAND BENEFIT.

Concert This Evening at Oneonta Theatre with Paramount Production.

Company G band, with R. E. Gardner as director, will give a benefit concert this evening at the Oneonta theatre. Two performances will be given, one at 7 and the other at 9 o'clock, and in connection with the concert there will be a remarkable reel production—a presentation of "Great Expectations," with Jack Pickford in the principal role. The admission will be 15 cents, and either pictures or concert alone is worth more than is asked for both. Some of the most striking pictures in the play were filmed last summer at Cooperstown, and patrons will no doubt all recognize the scenic setting.

The Company G band is an organization of merit which has often given its services without compensation to the public. The concert tonight affords an opportunity for citizens to repay the favor and to express their appreciation. The concert consists of the following exceptionally meritorious numbers:

1. First Regiment March.
 2. Forest Whispers-Novellette.
 3. Vocal solo by Paul Jackson.
 4. Overture, King Rose.
 5. Dunlop Commandery March.
- Each entertainment will open with the singing of "The Star Spangled Banner" and will close with "America." All present are requested to join in the singing of these two patriotic numbers.

Meetings Today.

Regular meeting of Veteran Firemen at 8 p. m.

The W. C. T. U. will hold its regular meeting this afternoon at 2 o'clock at the rooms, 221 Main street. Please bring sandwiches or cake. The L. T. L. is invited to attend at 4 p. m.

Regular meeting of W. B. A. O. T. M. in K. O. T. M. hall, this evening at 7:30 o'clock.

Boy Scouts, troop 1, at armory at 7:30 p. m.

The Brotherhood of St. Andrew, in St. James parish room, Elm street, at 8 p. m.

All members of the Choral union of the Free Baptist church are requested to meet for rehearsal Wednesday evening.

Wednesday Afternoon Social club will meet this afternoon at 2 o'clock, with Mrs. John J. Crotty, 46 Dietz street.

Regular meeting of L. O. O. M. No. 335, this evening at 8 o'clock. Class initiation. All members requested to be present.

The Ladies' circle of the Free Baptist church will meet in the assembly at 3 p. m.

The Jolly Ten Embroidery club will meet with Mrs. James Reed at 20 Gault avenue this afternoon at 2 o'clock. A full attendance is desired.

Special for Today.

Our own home grown strawberries 10 cents per quart by the crate, and granulated sugar 8½ cents per pound by the hundred. We also have a few thousand cabbage plants left at 25 cents per hundred. Todd's Cash market. Phone 19. advt 2t

Sheet Music 10c.

We will close out the entire stock of the James Munn Music company's popular edition sheet music at 10c. All standard numbers, folios, instruction books, etc., at greatly reduced prices. Matthews' Graded Course, 50c. G. B. Shearer Co. advt 1t

THIRTY THOUSAND DOLLARS

LOW ESTIMATE OF VALUE OF SCHOOL AND CITY GARDENS.

Satisfactory Figures of Report by Chairman Capron of Chamber of Commerce Committee — Six Hundred New Family Gardens and 189 School Gardens Under Supervision.

The following report from William W. Capron, chairman of the Chamber of Commerce committee, appointed last spring to supervise the procuring and allotment of garden plots in the parks and on the vacant lots of the city, will be read with interest by all. That there was abundance of tillable land in the city everybody knew who had given the matter attention. That there were plenty of people who would be glad to put in gardens was also understood. The real problem was to bring the garden and the gardener together, and this has been very fully and satisfactorily solved by the committee, of which Mr. Capron has been the efficient head. The report follows.

"The committee appointed by your president on the cultivation of school gardens and garden lots respectfully submits the following report:

"The committee first looked up the matter of the work among the school children. This work seemed to promise best results if done at home under the supervision of a competent person as inspector. By instruction of the State Education department at Albany, this work must be done in co-operation with the schools of the city. Mrs. L. W. Hoye was thereupon appointed by the school board at the request of the joint committee. In co-operation with the teachers in the schools, seeds were ordered by the children in penny packets. In the year 1916 only two schools were active—the River street school and the Chestnut street school. In 1917 every school went into the work heartily. Mrs. Hoye reports that there are 180 gardens under supervision. A low estimate of the value each garden produces is \$10—a total of \$1,800.

"In taking up the work of the cultivation of the vacant lots, The Oneonta Star published daily two coupons, one offering lots for cultivation, the other requesting lots. In this way attention was called to the necessity of having vacant land put under plow. The press of the city gave additional publicity to the matter, especially through the advice and co-operation of the secretary of your Chamber, Mr. Westervelt.

"The Park commission, through its chairman, Mr. Gurney, was very active in its co-operation and offered us large tracts of land in both parks. The citizens generally were very generous in their offers of unoccupied land, and their co-operation was gratefully received. A statement of the actual number of lots in the various sections follows:

"Neah-wa park, 83 gardens; Wilber park, 30 gardens; Ceperley & Morgan, 10 gardens; L. H. Rowe, 12 gardens; miscellaneous, 16 gardens. Total, 151 gardens.

"The publicity given the work had another very important effect. Your committee estimates that three times as many lots were either cultivated by their owners or given by them to others, which did not pass through the hands of the committee. Prominent instances of this were the cultivation of a large number of groups of lots, especially in the west end of the city, where acres have been planted to

(Concluded on Page Ten.)

LATEST NEWS AT THE STRAND.

Showing Current Events: Also a Triangle Feature and Comedy.

The management of the Strand announces they have secured as an addition to their program a new news, showing the current events practically while you are reading about them. This news comes direct from the studios in New York city as soon as the film is developed from the camera. This being something absolutely new here, it will no doubt prove a big attraction. It will be news when it is news.

A Triangle five-act feature, "Her Official Father," with an all-star Triangle cast, will also be shown. Yes, there will also be one of those funny Keystone comedies, "A Berth Scandal," that will surely make you forget about the war. Pathe's latest serial, "The Neglected Wife," featuring Ruth Rowland, will begin Friday. Watch for the story in this paper Friday.

JACK MULHALL

In "The Flame of Youth" at the Happy Hour Theatre Today.

An absorbing five-act drama of a boy who wanted a girl to marry him but was too bashful to ask her. "Dry Gools and Damp Deeds," a two-reel L-Ko comedy which turns Phil Dunham loose in a dry goods emporium and leaves him to do his worst.

2,000 Oneonta People Are Thankful.

Most of us find fault and complain, but there are 2,000 men, women and children in Oneonta who are thankful that there are a few men in the city who have unselfishly given of their time and ability in safely caring for and making small amounts accumulate to hundreds of thousands of dollars, through the safe six per cent compound interest system of the Oneonta Building and Loan association, which is protected by state laws, same as savings banks. Others are now getting out of the complaining and fault finding class by taking shares in its new series, just opened, or by using its four per cent compound interest system, which allows the placing of \$1 up to \$3,000 at any time. The State Banking department says: "There is no financial institution in this country whose investments are so strictly safeguarded as are those of Building and Loan associations." advt 1t

MACHINE GUN ARRIVES HERE

Shown in Hurd's Window as an Incentive to Young Men to Learn to Fire a Later Model—Was Captured from Mexican Bandit Villa — Army in Need of Experienced Bakers.

"Learn to fire a later model" by joining the regular army is the appeal made by Major Charles T. Greene, the commander of the local recruiting station, to every young man of military age who stops to examine a Hotchkiss machine gun that has been placed in the window of the Hurd shoe store on Main street.

This machine gun, which arrived yesterday, was used with deadly effect by the Mexican bandit, Pancho Villa, against the Mexican federal troops in the recent uprising. With three others, it was captured by General Pershing's men while chasing the chieftain.

The gun fires 420 shots a minute, has a range of a little more than a mile, a calibre of 7 m. m., and was made in France.

The army needs 1,700 more experienced bakers and cooks, according to a communication received by Major Greene from the war department. In an effort to get the required number, examiners are told to waive such minor defects as flat feet, slightly poor hearing, poor eyesight if it is corrected with glasses, and light weights. In this branch of the army, promotion is rapid. A man starts as a private at \$30 a month with board and lodging, and should in a very short time become a sergeant at \$55.

Two men were accepted for the army yesterday. Andrew J. Linta of Cooperstown, for the infantry, and David A. Russell of Westfield, for the hospital corps. They will be sent to Fort Slocum tomorrow.

Depot Unit of Company G.

The receipt of orders for the entrance of Company G into the federal service is bringing to the attention of citizens the immediate necessity of completing the formation of a company to take the place of the regular organization during its absence. All male citizens of good character, between 18 and 45 years are eligible. The enlistment is for two years, with the assurance that the close of the war under that time will result in the discharge of the new company. Lieut. Jackson will be at the armory tonight as well as Thursday and Friday evenings, and citizens who are willing to join the new company for the limited period are requested to call. It is important that the needed number be enlisted at the earliest possible time.

Suffrage Headquarters To Open.

On Thursday afternoon, July 12, the Woman's Suffrage party of Otsego county will formally open its new headquarters at 21 Broad street. The object of these headquarters is that the organization may render more efficient service to the country in the various phases of war work, which they may be called upon by the government to render. All interested whether members or not are invited to inspect the headquarters.

Moose Carnival July 30.

The date of the big Moose carnival has been changed from the week of August 12 to the week of July 30. They have had the good fortune to book one of the largest carnival companies on the road and are planning to give the people of the city a surprise in the line of an out-door attraction.

Condition Not So Favorable.

The condition of Mrs. Hanley, the unfortunate victim of the accident on Broad street on the evening of July 4, was not so favorable yesterday and the prospects of her recovery not so bright.

Autumn Lodge Picnic Postponed.

The picnic of Autumn lodge has been postponed indefinitely on account of weather conditions.

BAND CONCERT TONIGHT.

At the Oneonta Theatre with Photoplay Production, Great Expectations.

Company "G" band will give their last concert of the season, at the Oneonta theatre tonight, at which time Paul Adrian Jackson will render a number of favorite selections in connection with the photoplay production of Charles Dickens's celebrated novel, "Great Expectations," with the two popular stars, Jack Pickford and Louise Huff. Scenes of this photoplay were taken on the Iroquois farm, Cooperstown. The rolling hills and the famous sheep herd, with the lake in the distance, adds a charming bit of scenery, which will prove most attractive to visitors of this famous spot. Attend the matinee performance and avoid the large night crowds. Matinee, 10 cents, evening 15 cents. Tomorrow, Robert Warwick in "Family Honor."

For Sale—One Wright piano, nearly new, one folding bed, one hand made carved bed and springs, some antique chairs 100 years old, one conservatory violin. Inquire this week. Jim Mead or Mrs. Lela Champlin. West Oneonta, N. Y. advt 1t

The following millinery stores will close at 5 p. m. every day except Saturdays through July and August: Sniffin & VanCleft, Miss Murtagh, Hubbard's, Mrs. C. F. Baker, Mrs. Norton, Miss A. Caswell. advt 1t

Mrs. R. D. Rand of this city and Mrs. C. W. Moffatt of Yonkers, who had been spending several months with their sister, Mrs. J. Stanley Browne, of Rockford, Ill., arrived in Oneonta last evening and will spend the summer at the residence of Mrs. Rand.

Edward A. Parks of Chicago, Ill., who came east to attend the marriage of Prof. Frederick Jones, an old schoolmate, at Hamilton, July 4, and who has been a guest at the home of his parents, Mr. and Mrs. S. W. Parks, 2 Union street, left yesterday for Chicago.

Miss Helen E. Seybolt of the faculty of the faculty of the public schools of Glen Ridge, N. J., returned home

yesterday. Since the closing of the school in June Miss Seybolt has been visiting her sister, Mrs. Charles Thompson, at Fordham, and also attending a house party at Huntington, L. I.

Miss Ruth Thomas, formerly of the High school faculty, who had been a guest at the residence of Mr. and Mrs. Charles H. Dowditch, meanwhile visiting other friends in the city, passed the week-end with Mr. and Mrs. C. W. Peck at the Rensselaire at Stamford.

Miss Thomas departed yesterday for a few days' stay at Richfield Springs before going to her home in Boonville for the summer.

DEATHS.

Corra M. Gillette.

Miss Corra M. Gillette of South Valley died at the home of her cousin, Mrs. Bert Calkins, 80 Ford avenue, Monday afternoon, after a five weeks' illness of neuritis.

She was born 53 years ago in South Valley, a daughter of Mr. and Mrs. Abram Gillette. She had resided there most of her life, although at one time she lived in New York city, where she conducted a millinery, and during another period was in the west. She is survived by three brothers, Mott Gillette of South Valley, Stephen and Dewitt Gillette of the west, and two sisters, Dell Gillette of South Valley and Mrs. Herman Russell of Ithaca.

The body was shipped to South Valley yesterday, where the funeral will be held Thursday afternoon, at 2 o'clock, in the Methodist Episcopal church, of which she was a member. Burial will be in the village cemetery.

William H. Forgee.

William H. Forgee, formerly and for years a resident of Oneonta, and a well known painter here, died at his home at 4 Coe avenue, in San Jose, California, on Sunday, July 8. Mr. Forgee leaves besides a widow, two sons and five daughters: William, one of the sons is at home and Charles is with the regulars, the family understanding that he is with them in France. Mrs. Arthur Bussy of Arena, Delaware county, is a daughter and the other daughters, Ina, wife of L. E. Thurston, formerly of Oneonta; Ella, wife of D. E. Ross; Claire, wife of James R. Reeder and Emma, wife of High J. Kennedy, all reside in San Jose, California. Frank D. Robinson of Brooklyn and Leon Robinson of Elizabeth, N. J., are cousins of the deceased. Mr. Forgee was well known to all who residents of the city a score of years ago.

William H. Cole.

William Harvey Cole, son of James and Augusta Cole, died at his home in Hastings, Neb., June 22, of heart disease. Besides his wife, he is survived by one daughter, Mrs. Marion J. Kendall, of Hastings, and five sons, Fred of Decatur, Ill.; W. L. and Guy Cole of Hastings and E. Starr Cole of Champagne, Ill. Mr. Cole is a native of Otsego county and has many relatives residing at various places throughout the county. Among them is a niece, Mrs. Charles Martindale, of 80 Center street, this city.

DIAMOND-MATHEWS NUPITALS.

Happy Event Solemnized Tuesday Morning at Home of Bride's Parents.

Miss Myrtle Viola Mathews, daughter of Mr. and Mrs. Joseph L. Mathews of 18 Watkins avenue, and Hugh J. Diamond, son of Mrs. John Diamond of 27 Church street, were united in marriage Tuesday morning, at 9 o'clock, the ceremony being performed by Rev. Charles McCaffrey at St. Mary's parsonage, in the presence of the immediate families. The bride is a winsome young woman and she was attired in white crepe de chine and carried white roses. She was attended by Miss Margaret Palmer, who wore white net over white silk and carried pink carnations. The groom's best man was Edward S. Stapleton. The home was prettily decorated for the event.

After the ceremony a wedding breakfast was served at the residence of the bride's parents, which was tastefully decorated for the event. Mr. and Mrs. Diamond, accompanied by Miss Palmer and Mr. Stapleton, left by motor car for Otsego, where they boarded the southbound train at about 2 o'clock for a trip to Sarre, Pa., and other points. They will be absent about a week, after which they will take up their residence at 37 Church street, where they will be at home to their friends.

The groom is a clerk in the D. & H. others in this city and both he and the bride are deservedly popular among a wide circle of friends whose best wishes will attend them.

Mrs. Stevens' Recovery Doubtful.
Mrs. Sarah A. Stevens of Oneonta Plains, who has been confined to her bed for the past six months by illness, is quite low and on account of her advanced age her recovery is doubtful. Dr. C. C. Tarbox is her attending physician.

Card of Thanks.

I wish to express my appreciation of the kindness and sympathy shown during the sickness and death of my beloved wife and also for the floral tributes received.

A CHARMING JULY WEDDING.

Miss Lila May Hall Becomes Bride of Dr. Lloyd C. Warren.

One of the most delightful weddings of the year in Oneonta was solemnized at 10 a. m. yesterday at the home of Mr. and Mrs. Edward W. Hall, 12 Fifth street, where in parlors tastefully decorated with evergreens, daisies and white carnations their only daughter, Miss Lila May Hall, became the bride of Dr. Lloyd C. Warren of Franklin. The ceremony was impressively performed by the bride's pastor, Rev. Dr. W. B. Smiley of the United Presbyterian church, in the presence of about 25 near relatives and intimate friends. Miss Louise Kirchhoff, a Normal classmate of the bride, was bridesmaid, and the groom was attended by his brother, Charles Warren of Downsville. The bride's gown was of white satin with pearl trimmings, and she carried a bouquet of white roses. The dress of the bridesmaid was of yellow taffeta, and her bouquet was of yellow roses.

Following the ceremony and congratulations a delicious wedding breakfast was served. The bride's table was beautifully decked with white carnations and the entire service on this table was from a complete set of old china, a cherished possession which had been the property of the great-grandmother of the bride. Immediately after the wedding breakfast Dr. and Mrs. Warren departed on a brief wedding trip, returning from which they will be at home next week at Franklin.

As the bridal party entered the parlors Mendelssohn's wedding march was played by Mrs. B. G. Jackson of Franklin, who also rendered De-Koven's "O Promise Me," softly during the ceremony. The high regard of many friends was attested by numerous wedding gifts, among them silver china, cut glass and table linen, besides a very substantial sum in gold.

The bride, who is a highly respected young lady of this city, is a graduate of the Oneonta State Normal school, class of 1914, and has for the past three years been a valued and most efficient member of the faculty of the Franklin High school. She is also an accomplished musician. The groom is a popular and successful young physician of Franklin, where many friends will welcome the bride as a permanent resident, and will join with a host from Oneonta in extending congratulations and heartfelt best wishes to Dr. and Mrs. Warren.

Among the guests from out of the city were Mrs. Elizabeth Warren of Downsville, mother of the groom; Charles Warren of Downsville, Mr. and Mrs. A. H. Russell of East Branch and Mr. and Mrs. B. G. Jackson of Franklin.

ONE CENT A WORD

HELP WANTED.

WANTED—Woman for general housework. Mrs. J. M. Gregory, 1000.

WANTED—Young man, 18 years or more, steady work and good wages. Nye's Bakery.

YOUNG MAN WANTED—To learn the printer's trade. The Ontario Press.

WANTED—At once, Young man to work in restaurant. Inquire of S. Ferris.

WANTED—Dining room girl and chambermaid combined, at the Witsyn house.

WANTED—Second girl. Apply 202 Main street.

WANTED—Experienced stenographer. Must be quick, accurate and reliable. Position steady and work easy. Address, giving age, experience and references, Stenographer, care of Star.

WANTED—Four dining room girls, wages \$3.00, with face one way from home, for work at the Ontario house, Wingham. Inquire at store of Town and Hardware, 1000.

WANTED—Dining room girl and chambermaid combined, at the Witsyn house.

WANTED—Six men to work nights. Inquire International Milk company, Cooperstown, N. Y.

WANTED—Log cutters and teamsters. Inquire Rous Bros., North Franklin.

WANTED—Cook in private family. Wages \$50 per month. Address S. care Star.

WORK WANTED.

POSITION WANTED—On farm by man and family. Best of references. Address E. W. C. care Star.

NORMAL STUDENT desires position for the summer months. Address S. M. care Star.

STENOGRAPHER—Bookkeeper, would like work two or three hours a day. Address L. care Star.

SHOES REPAIRED—In first class manner, at reasonable prices. Work guaranteed. Try us, 244 Main street. No repairing done Saturdays.

WANTED—By an experienced man, lawn and garden to take care of and general work. E. care Star, 51 West street.

WANTED—Pictures to frame. Ward's Art Shop, 149 Main street.

LACE CURTAINS LAUNDERED—32 Center street. Mrs. H. Kenyon, Phone 1024-W.

WORK WANTED—Phone 501-W—Robbie, the painter, for painting and papering.

WANTED—Sewing to do at home. Children's clothing a specialty. 27 Columbia street.

LOST AND FOUND.

FIFTY DOLLARS REWARD—For bay mare, seven years old, 1000 pounds, one white leg behind, star on head and No. 5 in hind leg. Also black six year old mare, 1200 pounds. Both in good condition. Strayed or stolen from Afton Tuesday night, June 25. Notify H. W. Sheldon, Ontario, N. Y.

LOST—About three weeks ago, an Irish crochier baby blanket. Finder please leave the Star office and receive reward.

LOST—A black and tan hound, disappeared last Friday night. Finder please notify J. E. Elliott, 62 Church street.

BOARDERS WANTED.

BOARDERS WANTED—At 49 River street. Phone 704-J.

BOARDERS WANTED—Inquire Mrs. Elmer Schaubert, Cooperstown.

BOARDERS WANTED—All privileges and use of phone at Clinton street. Phone 719-2.

BOARDERS WANTED—17 High street.

WANTED—Boarders. At 8 High street.

MISCELLANEOUS.

WANTED—Poultry of all kinds, highest prices, express paid. A. Elgen, Sharon, N. Y.

WANTED—Tires and tubes, hot water bottles and rubber footwear to vulcanize. W. S. Ford, 46 Main street.

WILL PAY 10 cents a load for ashes delivered to 34 River street.

LOANS.

MONEY TO LOAN—On improved city real estate. Inquire of Owen C. Becker, 244 Main street.

LOANS MADE on good security. Levy, 244 Main street.

HOUSES WANTED.

WANTED—To rent for the season, a furnished house with modern improvements. Address T. care Star.

ROOMERS WANTED.

ROOMERS WANTED—10 Washington street. Gentlemen preferred.

WOULD REDUCE MINIMUM HEIGHT

Research Council Wants Ban-
tam Fighters in the Army.

(THEY HAVE A HARD PUNCH)

Brute Strength Is Not as Essential as Intelligence and Bravery—Japs, Averaging Five Feet Two and a Fourth Inches, Liked the Russians, Who Are Taller—Training Increases Height.

Many an ardent young American patriot anxious to serve his country on the fighting line is kicking his heels with vexation because Uncle Sam considers him too short in stature to make the kind of soldier Uncle Sam wants.

He may be brave and intelligent as well as strong and sound in mind and limb, but by stretching his hardest he cannot make more than five feet two or three inches and therefore must of necessity remain in civilian garb while his soul longs for olive drab.

In the days of old, when the brute strength of soldiers was of almost greater importance than bravery, height was a matter of first consideration, but now that mere strength has become subordinate to natural intelligence and careful scientific training the big man, being a big target, is his military disadvantages, while the medium sized man is generally only a shade the better soldier than the one two or three inches shorter. It is extremely improbable that a well trained regiment of educated Patagonians, who average five feet ten inches tall, would get the better of an opposing regiment of Frenchmen, who are five inches shorter.

Shall We Reduce Minimum?

The committee on anthropology of the National Research Council has taken this matter in hand. After exhaustive study it has forwarded to the general medical board certain recommendations which in due course will be placed before the war and navy departments. These recommendations are to the effect that the United States would be fully justified in changing its recruiting requirements by reducing the minimum height from five feet four inches to five feet one inch and correspondingly the minimum weight from 128 to 120 pounds. The committee points out that many European nationalities, most of which are well represented in this country, have an average height of two, three or four inches shorter than that of Americans, the smaller stature signifying normal variation, according to racial difference rather than degeneration.

The average heights of various races are as follows:

	Fr. In.		Fr. In.
Scotch	5 8 1/2	Germans	5 6 1/2
Irish	5 8	Russians	5 5 1/2
Americans	5 8	French	5 5 1/2
English	5 7 1/2	Italians	5 5 1/2
Swedes	5 7 1/2	Chinese	5 4 1/2
Danes	5 6 1/2	Japanese	5 4 1/2
Belgians	5 6 1/2		

The Russo-Japanese war showed com-

clusively to every military expert that the small man may be made into a magnificently capable soldier. The average Jap appears physically insignificant alongside the burly Russian, but his fighting qualities are in no way inferior. Less marked is the physical difference between the French and the Germans, but the latter are decidedly the larger men. When it comes to individual fighting, however, the Marne, Verdun and other battlefields have proved the superiority of the French over their Teutonic enemies.

The Fighting Bantams.

When the war in Europe began the British recruiting authorities fixed the minimum height for infantry at five feet three inches. Smaller men were not to be denied, however. After two or three months' agitation, which was especially strong in the manufacturing districts of the north of England, they induced the war office to accept the services of men of five feet and to form those of that height and less than five feet three inches into "bantam" regiments. Experience has fully justified that action, for the bantams have done splendidly in all kinds of military work. Among the strongest and most aggressive fighting regiments Britain has raised are those recruited in the Scotch mining districts. They comprise a large proportion of sturdy men who are below the medium in stature.

Another point to be taken into consideration is that intensive training frequently adds one, two and even three inches to the young soldier's height. Numberless thousands of British recruits have returned home on leave after a few months' training, rapidly improved in health, strength and physical development.

There is at least one great fighting arm, the most powerful in the world of its kind, in which tall recruits are not so welcome as shorter men. The British navy favors the "stocky" type—deep of chest, strong of biceps and not above middle height. Such is the "handy man" of John Bull's fleet, who is two or three inches shorter than the typical American "jackie."

Many of the shorter men who want to fight under the Star Spangled Banner may live in good hope. If the war lasts for another two years it is wholly probable that Uncle Sam will be glad to recruit those of his boys who are five feet two inches high and can pass the doctor as fit and well.

The Jerusalem Chamber.

One of the rooms in Westminster abbey that are of peculiar interest is the Jerusalem chamber, which was built more than 500 years ago and was probably at one time the abbot's withdrawing room. It was in this chamber that Henry IV. died, in curious fulfillment of a prophecy that he should die in Jerusalem.

It hath been prophesied me many a year I shall not die but in Jerusalem. Which vainly I suppose the Holy Land. But bear me to that chamber. There I'll lie. In that Jerusalem shall Harry die.

And in the same chamber Addison, Congreve and Prior lay in state before their splendid interment in the abbey.

Doing Your Task.

When you have to be advised and supervised your value is merely nominal; the phenomenal man who always draws the big fee is the one who can do his task without being told.—Pittsburgh Dispatch.

FOR NATIONAL FOREST ROADS

Plans Announced For Work
Under Federal Road Act.

\$10,000,000 APPROPRIATED

Secretary of Agriculture Has Given Out the Tentative Allotments to Be Apportioned to the Principal National Forest States and Explains the Method in Awarding the Amounts.

[From the forest service, United States department of agriculture.]

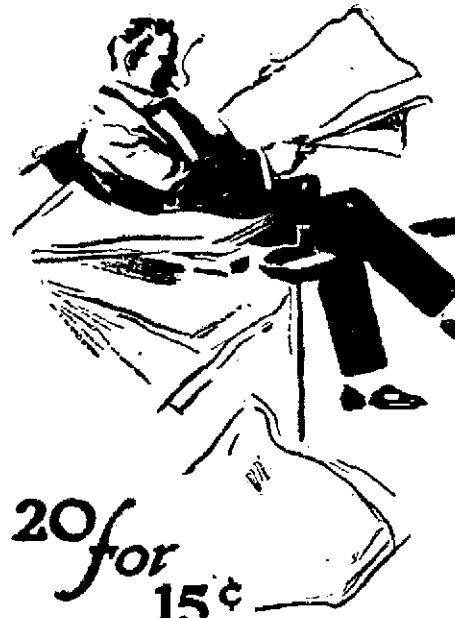

Secretary Houston recently announced the plan to be pursued in spending the \$10,000,000 appropriated by the federal aid road act for the construction and maintenance of roads and trails within or partly within national forests and has tentatively allotted among the various national forest states the \$10,000,000 which is expendable this fiscal year.

The tentative allotments to the principal national forest states are as follows: Alaska, \$46,280; Arizona, \$39,795; Arkansas, \$11,294; California, \$140,763; Colorado, \$62,335; Idaho, \$108,010; Montana, \$69,501; Nevada, \$19,185; New Mexico, \$42,622; Oregon, \$127,794; South Dakota, \$8,115; Utah, \$40,982; Washington, \$91,739; Wyoming, \$40,568. In addition a total of \$9,552 has been tentatively assigned to Florida, Michigan, Minnesota, Nebraska, North Dakota and Oklahoma, while the eastern states—Maine, New Hampshire, Virginia, West Virginia, North Carolina, South Carolina, Tennessee and Georgia—in which the government is purchasing lands for national forests, have been allotted \$21,057.

"In general," said Secretary Houston, "the states and counties will be required to furnish co-operation in an amount at least equal to 50 per cent of the estimated cost of the surveys and construction. However, upon a satisfactory showing by the applicant state or county that such proportion of co-operation is inequitable it may be altered and the ratio of co-operation fixed upon a basis equitable to both the state or county and the United States."

The method followed in apportioning the money was explained by Secretary Houston as follows: Ten per cent of the amount available each year will be withheld as a contingent fund. One-half of the remainder will be allotted to the states in amounts which will be based on the area of national forest lands in each state. The other half will be apportioned on a basis of estimated value of timber and forest resources which the forests contain. Amounts apportioned but unexpended within three years and any balance of the contingent fund which remains unapportioned at the end of each year will be reapportioned on the same basis as the original allotments.

The two groups of states to which lump sums are allotted are, it was explained, to be considered as single units of apportionment. Apportionments

END-O-THE DAY COMFORT

A full, flavory smoke in which "nip" and coarseness never held a place—that's Fatima.

But Fatimas go beyond that—they are cool and taste-y all day long, from breakfast grapefruit to dinner demi-tasse.

Yes, Fatimas are sensible, as you can prove to your own pleasant satisfaction.

Leggett & Myers Tobacco Co.

FATIMA

A Sensible Cigarette

now to be made are for the current fiscal year only. Thereafter new apportionments will be made, giving consideration to the number and character of applications made by the state and county officials for expenditures upon specific projects. These applications must be filed with the district foresters in the seven national forest districts on or before Jan. 1 of each year for the fiscal year beginning the following July 1.

The determination of the projects upon which funds will be expended during the current fiscal year will be made on the basis of applications which must be filed with the district foresters on or before Oct. 1, 1918.

Each application must contain a statement of the public needs to be served by the proposed road and the manner and extent to which it would aid in the development of resources upon which communities within or adjacent to the national forests are dependent and must also show the general location of the proposed road and its estimated cost. As already stated, in general states and counties must be prepared to furnish co-operation equal to at least 50 per cent of the estimated cost of surveys and construction. This co-operation may be in the form of money, labor and materials or the construction of roads. Where other factors are equal, the approval of a project

may be determined upon the relative amount of co-operation offered. Many applications have, it is stated, already been received for expenditures upon specific projects.

Not the Result Expected.

Cashier—I cannot possibly live on the salary you are paying me. Employer—H'm! Just as I thought. You'll have to give us a bond tomorrow for \$5,000.—Boston Transcript.

The Artist's Touch.

Mistress—How do you manage to make such a noise here in the kitchen? Cook—Well, just you try to break four plates without making a noise.—Ideas.

WAR DECLARED ON PIE

Kansas Will Enjoy American Dessert Only on Odd Sundays.

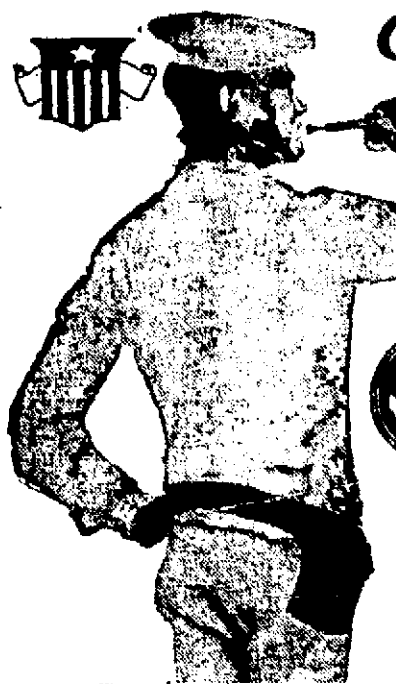

"No more pie for loyal Kansans," declares the committee on economy of the Council of Defense.

To serve pie oftener than for one occasional Sunday dinner will be regarded by the committee as giving aid and comfort to the enemy. Pie takes more than its share from the family expense account and the digestion of its devotees. It should not be eaten three times a day.

PRACTICAL PATRIOTISM

Getting Behind the Armed Forces is as Necessary as Getting in Them

The Opportunity for Real National Service for Those Who Want To Work Offered By the Navy League.

PRACTICAL PATRIOTISM is the need of the hour.

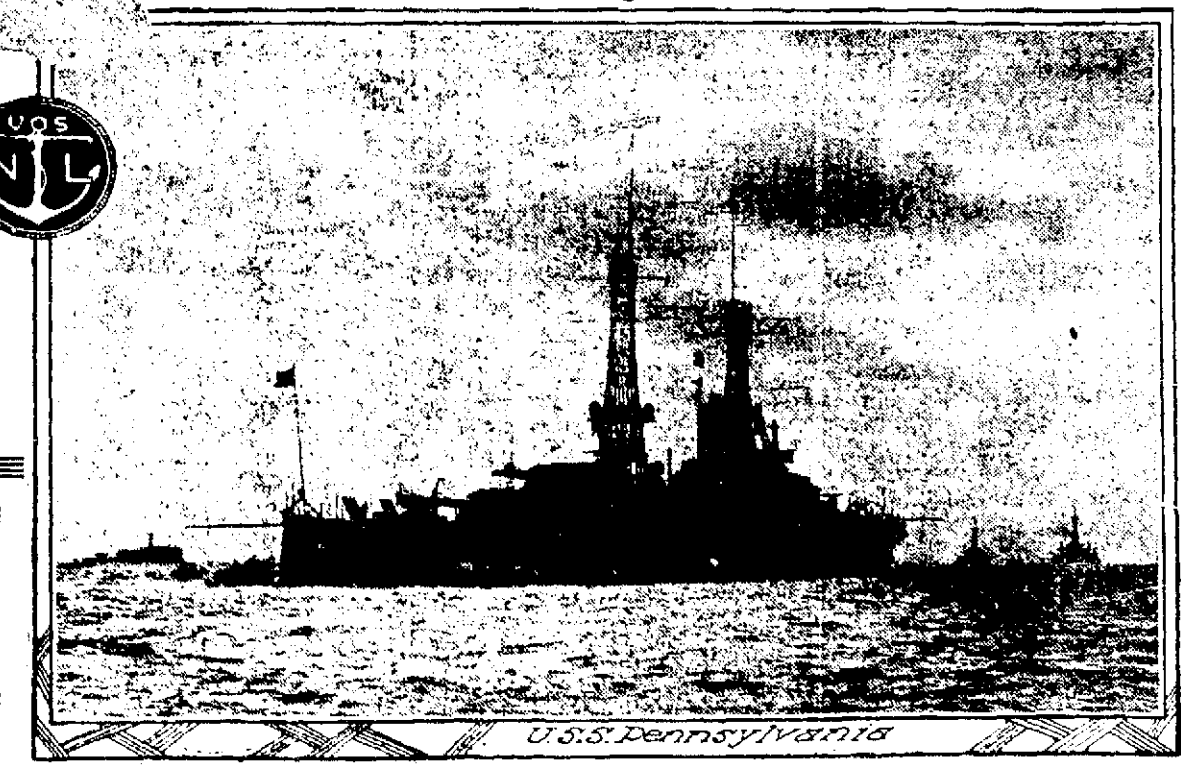

What your Uncle Sam needs today are men and women who WANT TO WORK.

Every man and woman can do his or her bit toward giving the nation victory in this war. Not every one is wanted to shoulder a rifle at the front or to join the naval forces.

The man who stays at home at the lathe or behind the plow and works harder and better than he ever did before in his life because he wants to see the U. S. A. win this war is every inch a patriot to whom the thanks of the nation are due.

President Wilson proposes to see to it that these men are thanked and honored for patriotic spirit and work.

If you can't be in the armed forces of your country in this war you can be behind them, and the fighting power of the Navy and Army depends upon this support behind them, given by every man and woman in the land. Never before in any war has so much attention been given to

the organization of the forces at home, the man power and woman power of the nation.

The task of organizing these forces is, however, an extremely difficult one. There are hundreds of thousands of patriotic men and women in the country today anxious to do their "bit" for their country who do not know where to fit themselves in. "What can I do to serve my country?" is a question on the lips of thousands of Americans today.

An Opportunity For Service.

The Navy League of the United States offers an answer to that question for every man and woman by affording them an opportunity for patriotic service in support of the United States Navy.

The need of the services being rendered by Navy League members has been acknowledged by Secretary of the Navy Josephus Daniels, and the thanks of the entire naval service.

A naval recruiting officer recently wrote: "I wish to thank the Navy League of Kansas City, and each of its members for the splendid patriotic work that has been done in this city in obtaining such an abundance of recruits for the Navy in time of vital need. I think that the thanks of the entire Navy, of Kansas City, Missouri, and of myself are due you to the fullest and heartiest extent, and that you may feel that you have rendered your country a most valuable service in time of war."

Navy Needs Recruits.

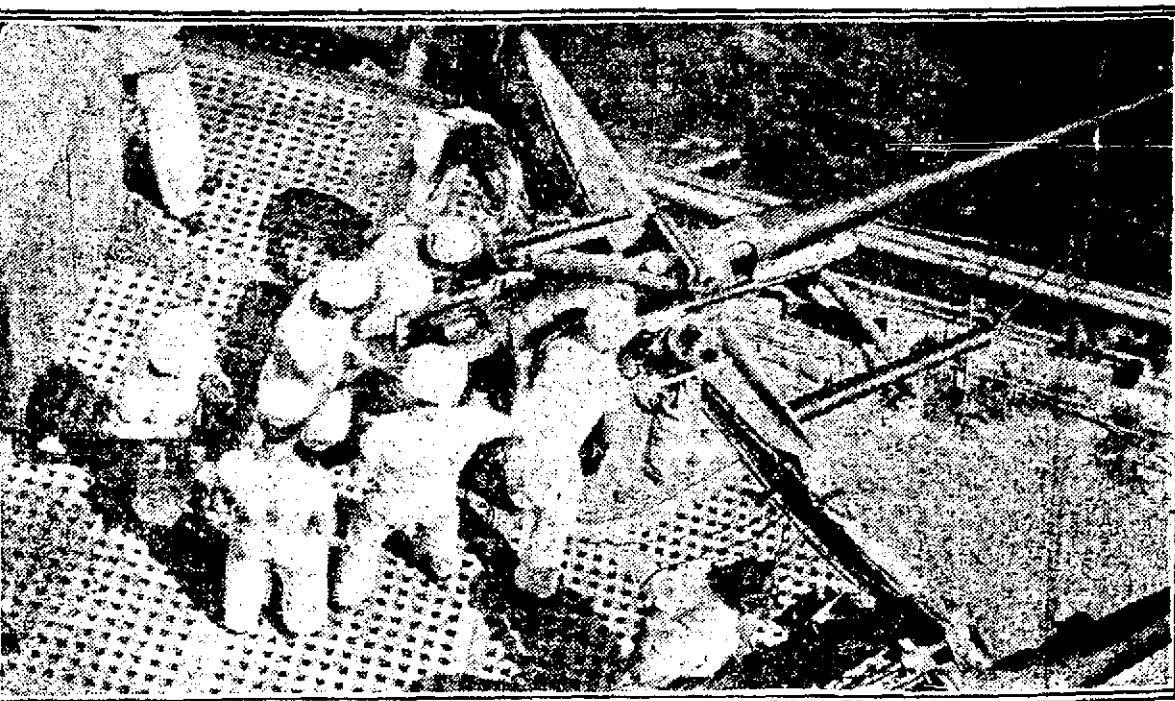

The Navy is now seeking 10,000 additional recruits. All of these men will be volunteers. The conscript law does not apply to the Navy which is exclusively a volunteer service. To get these recruits provides opportunity number one for men and women who WANT TO WORK. Recruiting requires more than the service of recruiting officers. It requires co-operation

on the part of men and women of every community.

Opportunity number two is offered to women to make comfort garments for the men of the fleet. These are not supplied by the Navy Department, and Secretary Daniels has officially welcomed the assistance of the League in this work.

In this democracy of ours naval policies must rest upon the broad foundation of public opinion. Therefore, it is a duty of citizenship to know the Navy, to keep in touch with it, to be familiar with its functions and its needs.

If there is no such organization in your city devoting itself to this patriotic work the opportunity is offered you to get behind the Navy and do your "bit."

A Glimpse of the Torpedo Defense Battery on the Superstructure of a Battleship

its headquarters at Washington will help you do this.

How To Organize.

A simple and practical plan of organization for such work in any community is as follows:

Get together a citizen's organization of men and women who WANT TO WORK. This will serve as the central organization with officers as president, vice-president, secretary and treasurer.

The president should be a man whose name carries weight in the community. The vice-president should be chosen for the same qualifications. The treasurer should be a man in whom the public has implicit confidence. The secretary should be an energetic young man enthusiastic for the cause who is willing and able to shoulder a heavy burden as the executive officer in coordinating and guiding the work of all sub-committees.

To carry on a recruiting campaign organize the following sub-committees:

Finance, Speakers, Press, Picture Shows, Music and Drum Corps, Automobiles, sub-stations and a Women's Committee. These committees should be composed of as few persons as possible, one person frequently being enough.

The Finance Committee collects funds to carry on the work. Let it make a thorough campaign among business and professional people for aid.

The Press Committee should consist of one thoroughly alive and experi-

enced newspaper man who will supply all newspapers with news—not views—of what the League organization is doing.

The Music and Drum Corps Committee would do well to seek out schools which have bands or drum corps organizations. Bands are expensive. Oftentimes an old soldier's or a boy's drum corps can be found to volunteer its services. Even a single drummer will attract attention at a recruiting station. Buglers do the same. They are invaluable.

Open Sub-Stations.

Sub-stations should be opened in all important parts of the city. They should be on the street floors of buildings or in tents pitched in the street. Decorate your sub-stations and call attention to them in every way possible. Ask the local recruiting officer to put a uniformed man at each station to talk the Navy from a practical viewpoint. Put women at the sub-stations. They always encourage enlistment.

Work with your moving picture theatres to show Navy films and slides. Keep the Navy in all motion picture houses all the time. Get in touch with your film exchanges and see what they can do for you.

Get a good list of speakers who know how to talk for the Navy. Book them at picture shows and every public meeting where they can be heard. Get people to volunteer the use of their motor cars for recruiting work to visit factories and outlying towns. Confer with your recruiting officer on

the use of these. Use auto trucks, decorated as floats. Place a group of boy scouts in uniform in a float with this sign: "We have offered our services to our country. Have you? Don't be drafted. Join the Navy now."

Recruit Getting Methods.

Get ex-service men to help you. They know how to talk the Navy, and you will find them enthusiastic. Get out ribbons or badges to be worn by women whose relatives have enlisted in the service. Have these badges read: "My brother (sweetheart, husband, or father) is serving his country in the Navy. Is yours?" See that every woman entitled to a badge wears it. Get your merchants to devote a part of their advertising space to the Navy.

Every woman in every community can help in the work of making extra warm garments for the men of our Navy when they face the hard duty of anti-submarine patrol work. Such outfits have been supplied to every American warship now in the European war zone. Those who cannot knit can buy wool for others to work on. You can either join the League organization in your city or else you can form new organizations. Navy League women in many cities have started food conservation classes. Others are training at the camps for national service.

The Navy League wants to have you know the Navy, to keep in constant touch with it, and to be a force in your community in support of your nation's first line of defense.

ALLIES PLAN NEW DRIVE IN BALKAN

Greece's Break May Be Prelude to Advance From Saloniki.

REMOVES VEXING PROBLEM

Army of 100,000 Hellenes is Admirably Trained and Would Be a Tremendous Aid to Enemies of Central Powers. Will Not Prove a Second Roumania for Germans.

A blow through the Balkans will be the next move of the allied armies, according to the significance which well-posted officials and diplomats in Washington attached to the action of Greece in severing diplomatic relations with the central powers.

That the break in relations is a prelude to the formal entry of Greece into the war on the side of the entente is regarded as a matter of complete certainty.

How soon her army will be in shape to take an active part in the allied operations will depend, it is felt, on how quickly her present force can be reorganized and the new drafts proposed by Premier Venizelos can be completed.

The main consideration from the standpoint of the allies is that Greece's action has definitely removed one of the gravest problems menacing the safety of the Saloniki expedition.

So long as the attitude of the Greek government remained uncertain the allies could not project any extended offensive from their base at Saloniki for fear that a Greek betrayal at their rear would cut their communications and lead to a complete annihilation or capture of the expeditionary force.

It was this fear, aggravated by a realization of the tremendous advantages to be gained from a successful drive through the Balkans, that led first to the demand of the allies for a demobilization of the Greek army, then to the allied encouragement of Venizelos' revolt against Constantine, then to the enforced abdication of Constantine, who is a brother-in-law of the kaiser, in favor of the former's second son, Alexander.

Legation Has No News. Although the Greek legation had not yet received official confirmation of the severance of relations, there was no doubt expressed as to the authority of the press reports from Athens. Before its demobilization the Greek army numbered 100,000, and it is assumed that this force can be quickly reassembled.

Many of the troops are seasoned veterans, having served with distinction

in the Balkan wars, and would be a valuable addition to the entente forces at Saloniki, now numbering approximately 650,000, assuming, of course, that the allies would undertake to supply the necessary equipment.

The lessons of the Roumanian fiasco have made an indelible impression on the allied commanders as to the seriousness of any attempt to use troops without the equipment necessary to compete with the marvelous German artillery.

No Second Roumania. On the other hand, it is pointed out, the Germans are not likely to attempt a repetition of their Roumanian drive when almost before the Roumanians could rally under their own declaration of war the mailed fist had shot through their lines with devastating swiftness.

In the months that they have been compelled to suspend all offensive operations while they watched the development of the Greek situation the British, French and Italian forces have established themselves around Saloniki in what is described as practically an impregnable position.

Enormous stores of supplies have been accumulated, making them able to disregard all efforts of the German submarines in the Mediterranean to cut their line of communications. For the Germans to attack these positions, it is suggested, might be as disastrous for them as was the Dardanelles campaign to the allies.

LADIES! DARKEN YOUR GRAY HAIR

Use Grandma's Sage Tea and Sulphur Recipe and Nobody Will Know.

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used it to keep her hair beautifully dark, glossy and attractive. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect.

But brewing at home is messy and out-of-date. Nowadays, by asking at any drug store for a 50 cent bottle of "Wyeth's Sage and Sulphur Compound," you will get this famous old preparation, improved by the addition of other ingredients, which can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two, it becomes beautifully dark and glossy.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite for those who desire a more youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

SAVE CHILDREN, RED CROSS PLEA

Little Ones and Women Most Sufferers in War.

SCENES BEHIND TRENCHES

Thousands of Homeless Right in War Zone, Many Actually in Zone of Fire. Almost Every Mile in One Section of France a Land of Desolation.

By E. A. MOREE, Former Director of the Atlantic Division of the American Red Cross.

It is not for the men in the trenches that I feel the greatest pity, much as their terrible and heroic suffering stirs my heart. I am moved most by the plight of those behind the lines and in the devastated territory, women, aged men and little children, left in cold blood unprotected and dying by the hundreds of thousands from exposure and starvation.

Mrs. William R. Draper, the tireless vice president of the New York county chapter of the Red Cross, made this reply to my request that she tell me something of what seemed to her the most interesting phase of Red Cross work at present.

"It is comparatively easy," she said, "for a well-fed man to face swift death in the excitement of battle. It is another matter for the mother who lies on the sidewalk of a wrecked and deserted village, her starving children around her, and watches an agonizing death approach by inches. So much for sentimental pity! But that should not be the main motive. We must be

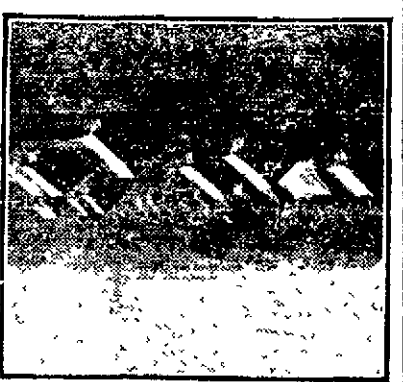

Photo From Red Cross Magazine.

A RED CROSS BASE HOSPITAL. supremely practical. The future welfare of these warring peoples depends on our giving prompt aid to these children and their mothers. We must do it simply, and we must do it right.

"I suppose I feel this phase of the need more keenly because of the many friends I have scattered through Europe. They are constantly writing me graphic letters describing the needs of those people and begging us to do something for them."

I happened to know something of the effect of these letters judiciously passed around by Mrs. Draper among her many wealthy friends in this country. Through these indirect appeals Mrs. Draper has been able to turn over to Red Cross headquarters many large gifts of money and countless supplies. For instance, a group of five of her Brooklyn friends have given her the privilege of spending \$20,000 a year for this work, besides hundreds of thousands of dozens of pairs of the best socks that can be purchased.

"Here's a letter from a friend in Serbia, the little country we're so likely to overlook in our earnestness about France and Belgium," she went on. "Their army has no reserves. Last fall at Monastir the same men fought for one hundred consecutive days without relief. They were most meagerly clothed and fed, and, hardest of all, not one of them knew whether his wife and children were alive or, if living, where they were. Thousands upon thousands of peasant women and children in Serbia have no source of food and clothing but the army and the Red Cross."

"Thousands of these sufferers live right in the war zone, many of them actually in the zone of fire. The army has done its best to help them, but the army has only bread and meat to give, and a little of that. The individuals and scattering relief agencies that are seeking to help are almost hopelessly handicapped by lack of materials, workers or transportation. One of the most useful things we can do is to send automobiles to the Red Cross workers in Serbia."

The following extract from this letter summarized the needs: The big cry is for the women and children. Most of the children are little girls, so that means plain, simple, warm garments which can be worn by peasants who have been used to wearing heavy home-spuns. The foods required are beans, tea, fats, sugar, cocoa and condensed milk. Sweetened condensed milk is not desirable. The best kind of milk used on any of the fronts is just the straight tinned milk without either condensation or sweetening. It ought to be possible to send plenty of raisins and prunes from the United States. These Serbian women and children have no fruit item in their diet, and they need it.

At the same time the letter told of some sadly misguided efforts of private individuals, such as sending pink silk lingerie to Macedonian peasant women. One box opened for distribution there contained five suits of men's full evening dress and three sets of false teeth.

Declaring War. There is a real distinction between declaring war and declaring that a state of war exists. A government declares war when it purposes to make war on another country. It declares that a state of war exists, as the United States did when another government had already attacked it.

Today—tires cost less than ever

Your tires actually cost you less per mile today than they did a few years ago.

—provided you buy the right kind of tires.

In the first place, don't buy a nondescript tire that some dealer has a selfish price motive in selling to you.

Buy a tire with a name behind it—a tire, the quality of which must be so good that the reputation of a great Company is protected.

United States Tires, with the name of the largest rubber manufacturer in the world behind them, are safe tires to buy.

United States Tires are constructed under an exclusive time-tried vulcanizing process that is patented.

They are honestly built with the best materials that the markets of the world afford.

United States Tires Are Good Tires

A Tire for Every Need of Price and Use

United States Tires and TIRE ACCESSORIES Have All the Sterling Worth and Wear that Make United States Tires Supreme

WARNS OF OIL FAMINE.

Government Expert Says United States Must Control Production.

Unless the United States takes steps to develop new oil lands and takes control of fields in other parts of the world the American supply will come under the domination of a foreign power, Mark Requa, consulting engineer of the bureau of mines, told the senate lands committee. He also predicted that unless immediate relief is found an oil shortage within a year will paralyze commerce on the Pacific coast.

Mr. Requa said that when an attempt was made to consolidate independent oil companies in California with the Mexican Petroleum company

to insure greater supply for this country interference on the part of British interests prevented the deal.

The hearing was on Senator Walsh's bill for the leasing of coal and oil lands owned by the government.

A Grave Question. When Daniel Webster was asked what he considered the most momentous question in life he is said to have replied, "Man's individual responsibility to God."

Widow's Weeds. Jack—There's one good thing about widow's weeds. Tom—What's that? Jack—They rarely interfere with the growth of orange blossoms.

THE MAJOR'S INN GILBERTSVILLE, N. Y.

Modern and unique in all its appointments. A nice run from Oneonta with a real broiled chicken dinner at the end of your trip. It will pay you to come and see our new living room just completed, designed for general recreation, music, dancing, lounging and reading.

ANNOUNCEMENT

We have bought the entire stock of Pianos, Player Pianos, Organs, Sheet Music and Musical Merchandise of the James Munn Music Co. The Munn lease of their present store expires July 15th, 1917. Owing to lack of floor space in our warerooms, it is absolutely necessary for us to sell every Piano and Player Piano of the Munn stock this week irrespective of cost.

Every Instrument of the Munn Stock Will Be Sold at Unheard of Prices

Never before have the people of this vicinity had the opportunity to purchase standard makes of Pianos and Player Pianos at practically their own prices and terms. Included in this sale are such makes as Mehlin, Norris & Hyde, Munn, Walton and several other makes which space forbids us to mention.

MUNN PIANOS \$181

NORRIS & HYDE PIANOS \$170

WALTON PIANOS \$187

And the balance of the stock at correspondingly low prices. Did you ever hear of such ridiculously low prices? Terms as low as \$1 per week will put one of these instruments in your home. Organs from \$5.00 up. All Musical Merchandise at cost. Fixtures for sale. If you ever intend to purchase a Piano or Player Piano, come and look at these wonderful values before they are gone.

Railroad Fare Paid to Out-of-Town Purchasers

"In many respects The Springfield Republican stands as the highest achievement of American journalism"—From the New Republic.
(Established in 1824 by Samuel Bowles)

The Republican's editorialists constitute one of its distinguishing and most valued features. Literature, art, science, education, religion, philanthropy—all receive generous treatment in its columns; likewise agriculture and industry. Special attention is given to the various healthful outdoor sports.

The Weekly Republican

containing an expert condensation of the news, together with the week's selected and editorialized and many features and departments.

Offers for \$1.00

a more comprehensive and intelligent survey of what is going on in the world than any other weekly magazine. It goes into every state in the Union.

SUBSCRIPTION RATES

DAILY (Morning), \$9 a year, \$2 a quarter, 70 cents a month, 16 cents a week, 3 cents a copy.
DAILY and SUNDAY, \$10 a year, \$2.50 a quarter, 85 cents a month, 20 cents a week.
SUNDAY, \$2 a year, 50 cents a quarter, 5 cents a copy.
WEEKLY (Thursday), \$1 a year, 25 cents a quarter, 10 cents a month, 3 cents a copy.

Specimen copies sent free on application. The Weekly Republican will be sent free for three weeks to anyone who wishes to try it.

All subscriptions are payable in advance. Address

THE REASON WHY

It's the Long Blue Chimney!

The Long Blue Chimney makes the New Perfection the different oil cook stove. No drudgery; no uncertainty; no delay. Food perfectly cooked, when you want it, and without burning up your strength.

The Long Blue Chimney is as necessary to obtain clean, intense heat from an oil stove as the glass chimney is to obtain clean, satisfactory light from an oil lamp. You can't have perfect combustion without it.

For hot water—the New Perfection Kerosene Water Heater—it provides abundant hot water for laundry, kitchen and bath at low cost. Ask your dealer, for descriptive booklet.

For best results use SOCONY Kerosene.

luckwheat, potatoes, etc.; and the land near the Bauer Chemical company, part of which was loaned by this company to its employees.

"Your committee estimates that the equivalent of 600 city lots, 100 by 50 feet each, has been cultivated, most of which would not have been planted without the activity and publicity of the campaign. We believe that \$50 is a conservative estimate of the value of the produce on each lot, and this large aggregate added to the value of the produce from the gardens of the school children means a result which must be as pleasing to your membership as to the committee.

"Respectfully submitted,

"W. W. Capton, Chairman."

The Condition of the Gardens.

A tour of the city parks, where over 100 of these gardens are located, and a more or less careful inspection, indicates a very satisfactory condition of the various plots. Nearly all the plots have been fully planted and carefully cultivated, and the outlook everywhere is for a large crop of staple vegetables. The larger area has been devoted to potatoes and in fact many lots are given up entirely to that purpose. On others cabbage and turnips predominate, with a fair growth of sweet corn, though this is by no means one of the staples. There is a limited number of general purpose plots, where in addition to the crops enumerated, tomatoes, carrots, beets, onions, squash and the usual kitchen garden products are planted, but in general, the distance from the residence of the planters makes such use of the plots inconvenient.

It is very satisfactory in connection with the planting to note that those who have taken lots have in general done so with intention to give them good cultivation. Owing to the continued rain, this has not always been easy, but the condition of the plots indicates general determination to get all that is possible out of them. There are of course a few exceptions, but these only make more manifest the general good condition.

Concerning Potato Bugs.

The committee desires The Star in this connection to call attention to the fact that potato bugs and their larvae have begun to appear. As there are many cultivators of adjacent plots, it is necessary, in order to insure a crop, that prompt action be taken by each person. Paris green is perhaps the readiest and most effective poison for the bugs, and whoever does not understand its use can get full directions from the store where the poison is purchased. As the bugs spread from one tract to another, it is important that each person in this community protect his own work of cultivation.

Attention, Motorists!

For Sale—Rubber tired top buggy and one serviceable single harness. Inquire of Dr. Brand. advt 2t

FIREMAN TINGLEY INJURED.

Tractor Delayed When Engine and One Car of Freight Train Are Derailed.

Fireman William Tingley, whose home is in Honesdale, Pa., but who is temporarily employed as fireman on pusher engine 519, between Central Bridge and East Worcester, was injured about the back, the full extent of which is not known as yet, when engine 1048 and one car of its train were derailed when taking a siding at the dry bridge north of East Worcester yesterday forenoon. The derailment blocking both mains and causing a delay of about three hours to traffic, the morning express from Albany not reaching this city until about 1:15 p. m.

The cause of the derailment is not known. Train 1048 was in charge of Conductor Fitzgerald and Engineer Hanlon, both of this city, and from some cause in taking the switch the engine and the first car were derailed, throwing the freight car across the mains. The impact threw Tingley, who was at work in the tank of pusher engine 519, against the boiler and fire box, injuring his back and inflicting a slight burn upon one arm. He was brought to Oneonta on train 304 and removed to the Fox Memorial hospital in a taxicab. Dr. Marsh attends him. Whether the injuries are more serious than severe bruises cannot be discerned as yet. The property damage is small. Train 307, northbound, was also delayed at the wreck.

OWNERS MUST PROTECT.

Members of National Guard Now Protecting Soon to be Withdrawn.

In Central New York various units of the National Guard of the state have been doing duty protecting bridges and other property and with the withdrawal of these troops for training in the federal service comes a responsibility to the owners of the property. The state is making no provision for guarding property of a private nature and the duty will devolve upon the owners. The state will probably make due provision for the protection of its own property, but all privately or corporately owned enterprises will be compelled to hire and pay for guards.

INJURES HIP ON DOORSOLE.

Aged Mrs. Rockwell in Serious Condition Through Accident in Home.

While crossing the threshold of a door in her home at 62 Center street yesterday, Mrs. Isabella Rockwell, 75 years of age, tripped and in falling struck on her right hip, causing a fracture of the hip joint. Her condition, aggravated because she has been an invalid for several years, is serious. Dr. O. C. Tarbox and Dr. C. R. Marsh attended her. Mrs. Rockwell is the mother of Mrs. Robert Hall.

First Presbyterian Missionary Picnic.

The Woman's Missionary society of the First Presbyterian church held its last meeting before the summer vacation yesterday afternoon in the church parlors. In the early part of the afternoon a business session was held and work done by the ladies. At 5 o'clock a picnic lunch was served inside the church on account of the unfavorable weather. The ladies all enjoyed a pleasant afternoon together.

United Presbyterian Lawn Picnic.

The Ladies' Missionary society of the United Presbyterian church held its regular July meeting yesterday afternoon at the home of Mrs. F. S. Swartfigure, 13 Monroe avenue. Thirty ladies were present. After the business had been transacted, the party adjourned to the lawn, where a delicious lunch was served. The ladies brought their own refreshments. All reported a pleasant time.

Ice Cream Sale.

The Ladies' Aid society of the Plains Methodist church held a strawberry and ice cream social on Peter Van Woert's lawn last evening. Despite the unpleasant weather a large number were present to partake of the good things and a tidy sum was added to the society's treasury. The sale of berries and cream will continue afternoons and evenings the remainder of the week.

Bids Wanted.

On or before the twentieth day of July, 1917, the local board of the State Normal school will receive sealed bids for furnishing fifteen tons of chestnut size and seventy-five tons of egg size of first class anthracite coal, screened. Also bids for 500 tons of first-class Star Miller vein or Canfield Miller vein soft coal; or Stokedale soft coal, the same to be delivered at the Center street or Normal school buildings when directed. The board reserves the right to reject any or all bids.

IDAHO WOMAN MADE WELL

Lydia E. Pinkham's Vegetable Compound Did the Work. Nothing like it.

Aberdeen, Idaho.—"Last year I suffered from a weakness with pains in my side and back. A friend asked me to try Lydia E. Pinkham's Vegetable Compound and I did so. After taking one bottle I felt very much better. I have now taken three bottles and feel like a different woman. Lydia E. Pinkham's Vegetable Compound is the best medicine I have ever taken and I can recommend it to all suffering women."—Mrs. PERCY PRESTIDGE, Aberdeen, Idaho.

Women who suffer from those distressing ills peculiar to their sex should be convinced by the many genuine and truthful testimonials we are constantly publishing in the newspapers of the ability of Lydia E. Pinkham's Vegetable Compound to restore their health.

To know whether Lydia E. Pinkham's Vegetable Compound will help you, try it! For advice write to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass. Your letter will be opened, read and answered by a woman, and held in strict confidence.

Where Lost Gold Goes.

Within the last 500 years one thousand million pounds' worth of gold has vanished.

Where have the missing millions gone? About one-third lies at the bottom of the sea. The treasure of lost vessels which strewn the route from England to India alone has been estimated at eighty million sterling.

In 1793 the British frigate De Broek, wrecked off the American coast, took with her into the depths of the ocean gold worth \$2,400,000, the spoils of an intercepted Spanish treasure fleet. Another British warship, the Hussar, went down with over a million sterling in gold in 1780, and another million was lost in the Lutina in 1799.

Much gold, too, is lost through wear and tear. It is a soft metal in its natural state, and despite the alloys used to make it harder it wears away comparatively quickly when coined into money. It is the same with jewelry. In these ways and a hundred others the gold gained by men through sweat and blood finds its way back to the earth whence it came.—London Opinion.

Palestine.

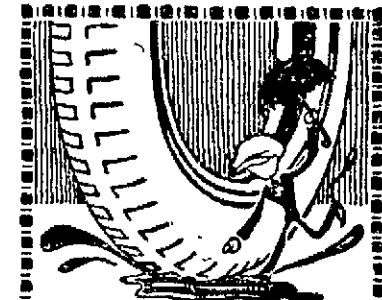

Palestine, or the Holy Land, is not in size or physical characteristics proportioned to its moral and historical position as the theater of the most momentous events in the world's history. It is less than 110 miles in length and barely forty miles in average width. Earthquakes more or less violent have been of frequent occurrence in Palestine. One of the most violent occurred in the reign of Uzziah. This was connected by Josephus with the sacrifice and punishment of that monarch. The springs of Palestine, though for the most part short lived, are remarkable for their abundance and beauty, especially those which fall into the Jordan and its lakes throughout its course.

The same old story. The war is to blame for the high prices. Blwa high grade tea still 50c per lb. Your grocer. advt 1t
